I don't see the need to replace the structure and to my knowledge, it's never been painted. If all 11 belt seats and 2 tot seats are replaced, it would be \$2400. Public Works staff can install them.

Thanks,

Tori Rothgeb

Thank you Tori,

So we don't need to replace the structure. Should it be painted or no? Do you have a recommendation on quantities and total cost? Would this be something Public Works would install or would Commercial Recreation Products, LLC install them?

-Mike
