Re: Crimson Peaks Subdivision

Located: Parcel #AV-1317-D

Dear Karl:

After reviewing the proposed plans for the above mentioned project, I have determined that there is power within a near proximity. Rocky Mountain Power intends to serve the project with electrical service based on load requirements and specifications submitted. All electrical installations will be provided in accordance with the "Electric Service Regulations, as filed with the Utah Public Service Commission after receiving an approved plat showing easements approved by Rocky Mountain Power. Additionally, Rocky Mountain Power is not able to serve this project until its new substation currently under construction is complete.

For additional consultation in this matter, please do not hesitate to call.

Sincerely,
