Note: To avoid delays in processing your Zone Change request, it is important that all applicable information noted above, along with the fee, is submitted with the application. An incomplete application will not be scheduled for the Planning Commission. Planning Commission meetings are held on the second and fourth Wednesday of each month at 6:00 pm. Submission of a completed application does not guarantee your application will be placed on the next PC meeting agenda. It may be placed on the next available PC meeting agenda.

REQUIRED CONSIDERATIONS TO APPROVE A ZONE CHANGE

When approving a zone change, the following factors shall be considered by the Planning Commission and Town Council:

1. Whether the proposed amendment is consistent with the Goals, Objectives and Policies of the Town's General Plan;
2. Whether the proposed amendment is harmonious with the overall character of existing development in the vicinity of the subject property;
3. The extent to which the proposed amendment may adversely affect adjacent property; and
4. The adequacy of facilities and services intended to serve the subject property, including, but not limited to roadways, parks and recreation facilities, fire protection, schools, storm water drainage systems, water supplies, and waste water and refuse collection.

PROCESS

Contact the Planning Department for when the deadline for submission is. After it is deemed complete, staff will review the request, and prepare a report and recommendation for the Planning Commission. This will be reviewed at a public hearing where the applicant should attend, present the project, and respond to questions from the Planning Commission. Since it is a public hearing, members of the public may also have questions or comments. At the public hearing the Planning Commission will review the application and staff's report and forward a recommendation to the Town Council for approval, approval with modifications, or denial of the zone change application.

Upon receipt of the Planning Commission recommendation, typically 1-2 weeks after the Planning Commission action, the Town Council will consider and act on the Commission's recommendation. The action of the Town Council is final. If denied, a similar application generally cannot be heard for a year.

access in a manner that will minimize the hazard of traffic leaving and entering roadways.

E. Manufacturing Zone:

The objective in establishing the M-1 zone is to provide space for warehousing, light manufacturing, fabrication, wholesaling, services and other similar commercial establishments which are combined with manufacturing or warehousing uses, and to locate these establishments in a location compatible with one another, and where they are convenient to the other commercial and industrial zones in the county.

F. Industrial Zone:

The objective in establishing the I-1 zone is to provide space for various types of land uses whose effects, both secondary and direct, are not compatible with uses found in other zones in the county.

G. Open Space Conservation Zone:

The purpose of this zone is to permit the use of open space land within the county for uses compatible with the protection of the natural and scenic resources of the county for the benefit of present and future generations.

H. Open Space Transition Zone:

The purpose of this zone is to provide for the protection of primarily undeveloped private land.
