1. Shipping containers shall not be stacked unless they are used for an accessory building structure or primary dwelling structure and the exterior is completely covered by an exterior siding that must meet all visual and structural requirements set forth by the building and safety ordinances.
2. Any accessory building must not exceed 25 feet in height.
3. All accessory building permits must be accompanied by a building permit for a primary dwelling or be used in conjunction with an existing primary dwelling. An accessory building permit may be issued without a primary dwelling being on the property with a CUP.
4. No accessory building shall be occupied or used as any type of living space.
