Town Council
Town of Apple Valley
1777 N Meadowlark Dr
Apple Valley, UT 84737

Council,

Wow, what a ride it has been for the past year and almost a half of serving our fellow citizens! This team has been the most rewarding to work for in all my experience with government agencies. The respect and care for each other's opinions, ideas, and solutions as well as the community as a whole is extraordinary.

When I took the position as the Town Administrator, my employer graciously allowed me to waive my exclusivity with them in order to serve my home town. But it is time now that I give them my focus.

There is no regret for moving in this direction as I will be leaving this place much better than I found it (for the 2nd time). Other than the one project remaining (unfinished minutes, ordinances and resolutions from the prior administration), the work is timely and moving forward. My only hope is that I do not need to return a 3rd time. Every "bean" is accounted for. Plus we have a good crew in place, with more services being provided, or in the process of being provided, to this town in a much more coordinated and proper fashion.

It is imperative we stop taking backwards steps. With that in mind, my end date is not hard set in concrete. My intent is to remain with you until the right person is at the helm and fully trained. Now that we have all the ducks going in one direction, the new administrator should be able to focus on those things that I could not get to.

I intend to transition out smoothly with all intricacies of this position relayed and understood, especially the financial end. Training will certainly be necessary to ensure that smooth transition and I offer to remain part-time through that process.

Thank you for your trust, your friendship, and most of all your service to this community. It truly has been rewarding to be part of the legacy of saving this town of which, I hope, most will recognize now rather than in the future, or when it's too late.

My Best to You,

Jauna M. McGinnis
