The Town shall accept the results of any Outsourced Work under this section unless the Town determines that the Outsourced Work has not been performed pursuant to Town standards or is materially incorrect. If the Town does not give Master Developer Notice within ten (10) business days of receiving the Outsourced Work that the Town disputes the acceptability of the Outsourced Work, then the Town shall be deemed to have accepted the Outsourced Work. Any disputes relating to the Outsourced Work shall be subject

to the Dispute Resolution Process.

- 3.5.5. ***Acceptance of Certifications Required for Development Applications.*** Any Development Application requiring the signature, endorsement, or certification and/or stamping by a person holding a license or professional certification required by the State of Utah in a particular discipline shall be so signed, endorsed, certified or stamped signifying that the contents of the Development Application comply with the applicable regulatory standards of the Town.
- 3.5.6. ***Independent Technical Analyses for Development Applications.*** If the Town needs technical expertise beyond the Town's internal resources to determine impacts of a Development Application such as for structures, bridges, water tanks, and other similar matters which are not required by the Town's Vested Laws to be certified by such experts as part of a Development Application, the Town may engage such experts as Town Consultants, with the actual and reasonable costs, being the responsibility of Applicant.
- 3.5.7. ***Intent of One-Time Review.*** The Town should endeavor to make all of its redlines, comments or suggestions at the time of the first review of the Development Application unless any changes to the Development Application raise new issues that need to be addressed.
- 3.5.8. ***Town Denial of a Development Application.*** If the Town denies a Development Application the Town shall provide with the denial a Notice advising the Applicant of the reasons for denial including specifying the reasons the Town believes that the Development Application is not consistent with this MDA, the Master Plan, and/or any applicable Town's Vested Laws (or, if applicable, the Town's Future Laws).
- 3.5.9. ***Dispute Resolution.*** The Town's denial of any Development Application shall be subject to the dispute resolution provisions of Section 14.
- 3.5.10. ***Town Denials of Development Applications Based on Denials from Non-Town Agencies.*** If the Town's denial of a Development Application is based on the denial of the Development Application by a Non-Town Agency, Master Developer shall appeal any such denial through the appropriate procedures for such a decision and not through the processes specified herein.
- 3.5.11. ***Outsourcing of Inspections.***

- 3.5.11.1. Timing. Within fifteen (15) business days after receipt of a request from Master Developer to Outsource the inspections of the construction of any Development, the Town and Master Developer will confer to determine whether the Town desires to Outsource the inspections to ensure that they are processed on a timely basis.
- 3.5.11.2. Selection of Outsourcers. If Outsourcing is selected then the Town shall provide to Master Developer at least two qualified potential Outsourcing reviewers and those reviewers estimates of fees and timing of performance. Master Developer may elect either of those options. Master Developer may also propose a different Outsourcing reviewer and the Town may, in its sole discretion, agree to that proposal.
- 3.5.11.3. Election/Cost Estimate. If the Town or Master Developer determines in either of their discretion that Outsourcing is appropriate, then the Town shall promptly estimate the reasonably anticipated differential cost of Outsourcing in the manner selected by the Town in good faith consultation with the Master Developer or Subdeveloper (either overtime to Town employees or the hiring of a Town Consultant). If the Master Developer or a Subdeveloper notifies the Town that it desires to proceed with the Outsourcing based on the Town's estimate of costs, then the Master Developer or Subdeveloper shall deposit in advance with the Town the estimated differential cost and the Town shall then promptly precede with having the work Outsourced.
- 3.5.11.4. Compliance with Applicable Codes. Any Outsourced work shall be performed pursuant to applicable standards including, but not limited to, the Town's Vested Laws, Federal law, State Code, and any adopted uniform standards such as AASHTO, the IBC and the IFC.
- 3.5.11.5. Final Payment. Upon completion of the Outsourcing services and the provision by the Town of an invoice (with such reasonable supporting documentation as may be requested by Master Developer or Subdeveloper) for the actual differential cost (whether by way of paying a Town Consultant or paying overtime to Town employees) of Outsourcing, Master Developer or the Subdeveloper shall, within ten (10) business days pay or receive credit (as the

case may be) for any difference between the estimated differential cost deposited for the Outsourcing and the actual cost differential. Any dispute regarding his section shall be resolved pursuant to the Dispute Resolution Processes.

3.5.11.6. Acceptance of Outsourced Work. The Town shall accept the results of any outsourced decision under this section without any further review by the Town.

3.6. **Parcel Sales.** The Town acknowledges that the precise location and details of the public improvements, lot layout and design, and any other similar item regarding the development of a particular Parcel may not be known at the time of the creation of or sale of a Parcel. Master Developer may obtain approval of a Parcel in any manner allowed by law. If, pursuant to Utah Code Ann. § 10-9a-103(66)(c)(v) (2024), there are no individually developable lots in the Parcel, the creation of the Parcel would not be subject to subdivision requirement in the Town's Vested Laws including the requirement to complete or provide security for any Public Infrastructure at the time of the creation of the Parcel. The responsibility for completing and providing security for completion of any Public Infrastructure in the Parcel shall be that of the Master Developer or a Subdeveloper upon a subsequent Subdivision of the Parcel that creates individually developable lots. An instrument shall be recorded specifying the material details of any Parcel sale such as the number of acres, number of units and any other material information regarding what rights and/or obligations are being sold. The recorded instrument shall be signed by Master Developer and the buyer. The City shall also sign acknowledging that it has notice of the sale and that the recorded instrument complies with this subsection.

3.7. **Accounting for RDUs for Developments by Master Developer.** At the recordation of a final plat or other approved and recorded instrument for any Development developed by Master Developer that includes RDUs, Master Developer shall provide the Town a Development Report showing any RDUs used with the Development and the RDUs remaining with Master Developer and Master Developer and for the entire remaining Project.

3.8. **Development Report.** With any Development Application filed by Master Developer shall file a Development Report showing:

3.8.1. **Ownership** of the property subject to the Development Application;

3.8.2. **Units and Uses Proposed to be Developed.** The portion of the Maximum RDUs intended to be used by the proposed Development;

3.8.3. **Units and Uses Transferred or Remaining.** The amount of the Maximum RDUs remaining with Master Developer;

3.8.4. **Material Effects.** Any material effects of the sale on the Master Plan.

3.9. **Accounting for RDUs and/or other types of Maximum RDUs for Parcels Sold to Subdevelopers.** Any Parcel sold by Master Developer to a Subdeveloper shall include the transfer of a specified portion of the Maximum RDUs and, for any non-residential Intended Use, shall specify the amount and type of any such other Intended Use sold with the Parcel. At the recordation of the sale of any Parcel, Master Developer shall provide the Town a Development Report showing the Master Developer of the Parcel(s) sold, the portion of the Maximum RDUs and/or other type of Maximum RDUs transferred with the Parcel(s), the amount of the Maximum RDUs and/or other type of Maximum RDUs remaining with Master Developer and Master Developer and any material effects of the sale on the Master Plan.

3.10. **Phasing.** The Town acknowledges that Master Developer and Master Developer may develop the Project in Phases. No sequential phasing is implied by any numbering in the Master Plan. The Parties acknowledge that the most efficient and economic development of the Project depends on numerous factors, such as market conditions and demand, infrastructure planning, competition, the public interest, and other similar factors. The Development Application for each Phase shall establish that the needs of future phases for Public Infrastructure are properly accounted for. The Development Application for any Phase shall comply with the Master Plan and provide for future Phases access and infrastructure connectivity and compatibility. Except as specified below, the development of the Project in Phases shall be in the sole discretion of Master Developer.

3.11. **Nightly Rentals.** Nightly rental shall be allowed for only the RDUs in the Nightly Rental Area. The number of nightly rental RDUs allowed by this MDA is in consideration of Master Developer's clustering such units which, in the determination of the Town under all of the aspects of this MDA, mitigates certain adverse aspects of nightly rental units.

3.12. **Golf Course.** Master Developer may, in its sole discretion, construct part or all of the Golf Course of up to 18 holes as generally illustrated on Exhibit "B".

3.13. **Package Plant.** Wastewater disposal shall not be accomplished at an individual RDU level. Wastewater disposal shall be accomplished only through the construction of a wastewater package treatment system and plant approved by the Washington County Health Department and the Ash Creek Special Service District, and paid for by the Master Developer or its assigns at their sole expense. wastewater package treatment system and plant must be continuously operated and maintained by the Ash Creek Special Service District acting as the body politic pursuant to Utah State health regulations.

#### 4. **Zoning and Vested Rights.**

4.1. **Vested Rights Granted by Approval of this MDA.** To the maximum extent permissible under the laws of Utah and the United States and at equity, the Town, and Master Developer intend that this MDA grants and Master Developer all rights to develop the Project in fulfillment of this MDA except as specifically provided herein. The Parties intend that the rights granted to Master Developer under this MDA are contractual and also those rights that exist under statute, common law and at equity. The Parties specifically intend that this MDA grants to Master

Developer “vested rights” as that term is construed in Utah’s common law and pursuant to Utah Code Ann. § 10-9a-509 (2024).

4.2. **Exceptions.** The restrictions on the applicability of the Town’s Future Laws to the Project as specified in Section 1.2.9 are subject to only the following exceptions:

- 4.2.1. **Master Developer Agreement.** Town’s Future Laws that Master Developer agrees in writing to the application thereof to the Project;
- 4.2.2. **State and Federal Compliance.** Town’s Future Laws which are generally applicable to all properties in the Town, and which are required to comply with State and Federal laws and regulations affecting the Project;
- 4.2.3. **Codes.** Town’s Future Laws that are updates or amendments to existing building, plumbing, mechanical, electrical, dangerous buildings, drainage, or similar construction or safety related codes, such as the International Building Code, the APWA Specifications, AAHSTO Standards, the Manual on Uniform Traffic Control Devices or similar standards that are generated by a nationally or statewide recognized construction/safety organization, or by the State or Federal governments and are required to meet legitimate concerns related to public health, safety or welfare
- 4.2.4. **Taxes.** Taxes, or modifications thereto, so long as such taxes are lawfully imposed and charged uniformly by the Town to all properties, applications, persons, and entities similarly situated;
- 4.2.5. **Fees.** Changes to the amounts of fees (but not changes to the times provided in the Town’s Vested Laws for the imposition or collection of such fees) for the processing of Development Applications that are generally applicable to all development within the Town (or a portion of the Town as specified in the lawfully adopted fee schedule) and which are adopted pursuant to State law;
- 4.2.6. **Compelling, Countervailing Interest.** Laws, rules or regulations that the Town’s land use authority finds, on the record, are necessary to avoid jeopardizing a compelling, countervailing public interest pursuant to Utah Code Ann. § 10-9a-509(1)(a)(i) (2024).

4.3. **Reserved Legislative Powers.** The Parties acknowledge that under the laws of the State of Utah (including Utah Code Ann. § 10-9a-532 (2024)) and the United States, the Town’s authority to limit its police power by contract has certain restrictions. As such, the limitations, reservations, and exceptions set forth herein are intended to reserve for the Town those police powers that cannot be so limited. Notwithstanding the retained power of the Town to enact such legislation under the Town’s police powers, such legislation shall only be applied to modify

the vested rights of the Master Developer under the terms of this MDA based upon the policies, facts, and circumstances meeting the compelling, countervailing public interest exception to the vested rights doctrine in the State of Utah. Any such proposed legislative changes affecting the vested rights of the Master Developer under this MDA shall be of general application to all development activity in the Town and, unless the Town declares an emergency, Master Developer shall be entitled to prior written notice and an opportunity to be heard with respect to any proposed change and its applicability to the Project under the compelling, countervailing public interest exception to the vested rights doctrine.

5. **Term of Agreement.** The initial term of this MDA shall be until December 31, 2040. If as of that date Master Developer is in compliance of this MDA and have not been declared to be in default as provided in Section 13, and if any such declared default is not being cured as provided therein, then this MDA shall be automatically extended until December 31, 2045, and, thereafter, for two (2) additional period of five (5) years. This MDA shall also terminate automatically at Buildout.

5.1. **Commencement of Development.** If Master Developer has not obtained approval of a Development Application for the Project and completed the Public Improvements necessary for the recordation of a final plat for the Development Application on or before December 31, 2032 then this MDA shall automatically terminate. This Agreement shall also terminate automatically if on or before December 31, 2032, Master Developer has not obtained building permits for the lesser of 5% of the Maximum RDUs or 10 RDUs.

6. **Application Under Town's Future Laws.** Without waiving any rights granted by this MDA, Master Developer may at any time, and from time-to-time, choose to submit a Development Application for some or all of the Project under the Town's Future Laws in effect at the time of the Development Application so long as Master Developer is not in current breach of this Agreement. Any Development Application filed for consideration under the Town's Future Laws shall be governed by all portions of the Town's Future Laws related to the Development Application. The election by Master Developer at any time to submit a Development Application under the Town's Future Laws shall not be construed to prevent Master Developer from applying for other Development Applications on the Town's Vested Laws. Subdevelopers may not submit a Development Application under the Town's Future Laws without the consent of the Master Developer.

7. **Public Infrastructure.**

7.1. **Construction by Master Developer.** Master Developer shall have the right and the obligation to construct or cause to be constructed and installed, all Public Infrastructure reasonably and lawfully required as a condition of approval of the Development Application.

7.1.1. ***Security for Public Infrastructure.*** If, and to the extent required by the Town's Vested Laws, unless otherwise provided by LUDMA, security for any Public Infrastructure is required by the Town it shall be provided in a form acceptable to the Town as specified in

the Town's Vested Laws. Partial releases of any such required security shall be made as work progresses based on LUDMA.

7.1.2. ***Bonding for Landscaping.*** Security for the completion of those items of landscaping that are weather or water dependent shall be provided as required by the Town's Vested Laws in conformance with LUDMA.

7.2. **Dedication of Public Improvements.** All of the infrastructure and improvements dedicated to the Town pursuant hereto shall be constructed to the Town's standard specifications unless otherwise agreed in this MDA or otherwise and shall be subject to Town requirements for the payment of property taxes, inspections, and approval before acceptance by the Town. The Town shall accept such dedication after payment of all taxes and fees and inspection and correction of any deficiency or failure to meet Town standards.

## 8. **Upsizing/Reimbursements to Master Developer.**

8.1. **“Upsizing”.** The Town shall not require Master Developer to “upsize” any future Public Infrastructure (i.e., to construct the infrastructure to a size larger than required to service the Project) unless financial arrangements reasonably acceptable to Master Developer are made to compensate Master Developer for the incremental or additive costs of such upsizing. For example, if an upsize to a water pipe size increases Master Developer's costs by 10% but adds 50% more capacity, the Town shall only be responsible to compensate Master Developer for the 10% cost increase. Acceptable financial arrangements for upsizing of improvements include reimbursement agreements, payback agreements, pioneering agreements, and impact fee credits and reimbursements. Any decision by the Town to limit access to any roads built by Master Developer shall be considered an “upsizing” and shall not be required of Master Developer unless financial arrangements reasonably acceptable to Master Developer are made to compensate Master Developer for the loss of value and additive costs of such upsizing.

8.1.1. **Dispute Resolution.** Any dispute regarding this section shall be resolved pursuant to the Dispute Resolution Processes.

9. **On-Site Processing of Natural Materials.** Master Developer may use the natural materials located on the Property such as sand, gravel, and rock, and may process such natural materials into construction materials such as aggregate, topsoil, concrete, or asphalt for use in the construction of infrastructure, homes or other buildings or improvements located in the Project. If the proposed excavation for the use of the natural materials as contemplated in this section is consistent with the final uses in the area as illustrated on the Master Plan, then it shall be approved by the Administrator irrespective of whether the proposed grading is in conjunction with a Subdivision or just the grading by itself. Master Developer shall mitigate fugitive dust control as required by the State of Utah and shall establish the maximum grade/depth from which the natural materials may be extracted. If Master Developer extracts or processes beyond the final development grade, Master Developer shall be required to backfill the site and return it to final development grades.. Any dispute regarding this section shall be resolved pursuant to the Dispute Resolution Processes.

## 10. **Default.**

10.1. **Notice.** If Master Developer or a Subdeveloper or the Town fails to perform their respective obligations hereunder or to comply with the terms hereof, the party believing that a Default has occurred shall provide Notice to the other party. If the Town believes that the Default has been committed by a Subdeveloper then the Town shall also provide a courtesy copy of the Notice to Master Developer.

10.2. **Contents of the Notice of Default.** The Notice of Default shall:

10.2.1. ***Specific Claim.*** Specify the claimed event of Default;

10.2.2. ***Applicable Provisions.*** Identify with particularity the provisions of any applicable law, rule, regulation, or provision of this MDA that is claimed to be in Default;

10.2.3. ***Materiality.*** Identify why the Default is claimed to be material; and

10.2.5. ***Dispute Resolution.*** Upon the issuance of a Notice of Default the parties shall engage in the Dispute Resolution Processes.

10.3. **Remedies.** If the parties are not able to resolve the Default by the Dispute Resolution Processes, then the parties may have the following remedies:

10.3.1. ***Law and Equity.*** All rights and remedies available in equity including, but not limited to, injunctive relief and/or specific performance.

10.3.2. ***Security.*** The right to draw on any security posted or provided in connection with the Project and relating to remedying of the particular Default.

10.3.3. ***Future Approvals.*** The right to withhold all further reviews, approvals, licenses, building permits and/or other permits for development of the Project in the case of a default by Master Developer, or in the case of a default by a Subdeveloper, development of those Parcels owned by the Subdeveloper until the Default has been cured. No approvals, licenses, building permits, or other permits may be withheld from any Subdeveloper for a Default of Master Developer.

10.4. **Public Meeting.** Before any remedy in Section 10.3 may be imposed by the Town, the party allegedly in Default shall have the right to attend a public meeting before the Town Council and address the claimed Default.

10.5. **Emergency Defaults.** Anything in this MDA notwithstanding, if the Town Council finds on the record that a default materially impairs a compelling, countervailing interest of the Town and that any delays in imposing such a default would also impair a compelling, countervailing interest of the Town then the Town may impose the remedies of Section 10.3 without the requirements of Sections 10.4. The Town shall give Notice to the Developer and/or any applicable Subdeveloper of any public meeting at which an emergency default is to be considered and the Developer and/or any applicable Subdeveloper shall be allowed to address the Town Council at that meeting regarding the claimed emergency Default.

10.6. **Extended Cure Period.** If any Default cannot be reasonably cured within thirty (30) days, then such cure period shall be extended so long as the defaulting party is pursuing a cure with reasonable diligence.

10.7. **Default of Assignee.** A default of any obligations assumed by an assignee shall not be deemed a default of Master Developer.

11. **Dispute Resolution.** Unless otherwise provided in the MDA, any Dispute shall be resolved as follows.

11.1. **Meet and Confer regarding Development Application Denials.** The Town and Applicant shall meet within fifteen (15) business days of any Dispute to resolve the issues specified in the Dispute.

11.2. **Mediation of Disputes.**

11.2.1. ***Issues Subject to Mediation.*** Disputes that are not subject to arbitration provided in Section 11.3 shall be mediated.

11.2.2. ***Mediation Process.*** If the Town and Applicant are unable to resolve a Dispute that is subject to mediation, the parties shall attempt within ten (10) business days to appoint a mutually acceptable mediator with knowledge of the legal or factual issue of the Dispute. If the Parties are unable to agree on a single acceptable mediator, they shall each within ten (10) business days, appoint their own representative. These two representatives shall, between them, choose the single mediator. Applicant shall pay the fees of the chosen mediator. The chosen mediator shall within fifteen (15) business days, review the positions of the parties regarding the Dispute and promptly attempt to mediate the Dispute between the parties. If the parties are unable to reach agreement, the mediator shall notify the parties in writing of the resolution that the mediator deems appropriate. The mediator's opinion shall not be binding on

the parties.

**11.3. Arbitration of Disputes.**

11.3.1. **Issues Subject to Arbitration.** Issues regarding a Dispute that are subject to resolution by scientific or technical experts such as traffic impacts, water quality impacts, pollution impacts, etc. are subject to arbitration.

11.3.2. **Mediation Required Before Arbitration.** Prior to any arbitration the parties shall first attempt mediation as specified in Section 11.2.

11.3.3. **Arbitration Process.** If the Town and Applicant are unable to resolve an issue through mediation, the parties shall attempt within ten (10) business days to appoint a mutually acceptable expert in the professional discipline(s) of the Dispute. If the parties are unable to agree on a single acceptable arbitrator, they shall each, within ten (10) business days, appoint their own individual appropriate expert. These two experts shall, between them, choose the single arbitrator. Applicant shall pay the fees of the chosen arbitrator. The chosen arbitrator shall within fifteen (15) business days, review the positions of the parties regarding the arbitration issue and render a decision. The arbitrator shall ask the prevailing party to draft a proposed order for consideration and objection by the other side. Upon adoption by the arbitrator, and consideration of such objections, the arbitrator's decision shall be final and binding upon both parties. If the arbitrator determines as a part of the decision that the Town's or Applicant's position was not only incorrect but was also maintained unreasonably and not in good faith, then the arbitrator may order the Town or Applicant to pay the arbitrator's fees.

11.4. **District Court.** If the Dispute is not subject to arbitration then, after exhausting the Meet and Confer and Mediation processes above the Parties may seek relief in the Fifth District Court.
