Current Zoning Designation: OST

Require Conditions

As per Apple Valley Subdivisions § 11.02.050(D), for a proposed subdivision to qualify for simple lot subdivision approval, the proposed simple lot subdivision shall:

- Be for a single-family dwelling or dwellings and any associated accessory dwelling.
- Be located on property zoned for such use.
- Contain no more than ten (10) lots.
- Not contain any legislative approval, such as a zone change or text amendment request. Any legislative approval necessary for the simple lot subdivision to meet all requirements shall be pursued separately and shall be completed before the Planning Commission may review the simple lot subdivision application.
- Not be traversed by the mapped lines of a proposed street as shown in the general plan unless the Town has approved the location and dedication of any public street, municipal utility easement, any other easement, or any other land for public purposes as the municipality's ordinances require.
- Conform to all applicable land use ordinances. A property that has previously obtained a variance shall be deemed to conform as it relates to the conflict that had necessitated the variance.

Submittal Requirements

An applicant shall submit an application to the Town for a Simple Lot Subdivision that includes, at a minimum, each of the following (*Apple Valley Subdivisions § 11.02.050(E)*):

- A current title report showing ownership by the applicant.
- Name of the applicant or authorized agent and contact information.
- Property address, acreage, boundary, and tax identification number.
- Date, scale, and North arrow.
- Vicinity map showing the property's location relative to municipal boundaries and roads that serve the property.
- A statement containing the zone, lot size, and amount of frontage along a public street for each proposed lot.
- A metes and bound description of the property proposed to be subdivided.
- ☐ A subdivision name.
- A record of survey map, showing each new lot, which includes the following details:
 - The location of survey by quarter section and township range.
 - The date of survey.
 - The scale of the drawing and North point.
 - The distance course of all lines traced or established, giving the basis of bearing and the distance and course to two or more section corners or quarter corners, including township and range, or to identified monuments within a recorded subdivision.
 - All measured bearings, angles, and distances separately indicated from those of record.
 - A written boundary description of property surveyed.
 - All monuments set and their relation to older monuments found.
 - A detailed description of monuments found and monuments set, indicated separately.
 - The surveyor's seal or stamp.
 - The surveyor's business name and address.
 - A written narrative that explains and identifies:
 - The purpose of the survey.
 - The basis on which the lines were established.
 - The found monuments and deed elements that controlled the established or reestablished lines.
- ☐ If the narrative is a separate document, it shall contain:

- The location of the survey by quarter section and by township and range.
- The date of the survey.
- The surveyor's stamp or seal.
- The surveyor's business name and address.
- The map and narrative shall be referenced to each other if they are separate documents.
- The map and narrative shall be created on material of a permanent nature on stable base reproducible material in the sizes required by the county surveyor.

Site Specific Contents

The following documents shall accompany the simple lot subdivision application when deemed necessary by the Town Engineer (*Apple Valley Subdivisions § 11.02.050 (F)*):

- ☐ Soils Report: The applicant shall provide a detailed soils report addressing the following issues for the subdivision: hill stabilization, road design, foundation design, groundwater impacts, and general soil stability. The report must be stamped and signed by a Civil Engineer licensed in the state of Utah.
- ☐ Storm Water Plan: The applicant shall provide a detailed storm water plan for the subdivision. This plan shall include all calculations showing that it meets all applicable codes, standards, and specifications. Plans and calculations shall be stamped and signed by a civil engineer licensed in the state of Utah.
- ☐ Other Hazard Information: This may include FEMA floodplain information or other information to mitigate natural hazards.
