I. INTRODUCTION

A. Purpose and Intent.

The District is an independent unit of local government, separate and distinct from the Town, and, except as may otherwise be provided for by State or local law or this Governing Document, its activities are subject to review by the Town only insofar as they may deviate in a material matter from the requirements of the Governing Document. It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The primary purpose of the District will be to finance the construction of these Public Improvements. The District is not being created to provide any ongoing operations and maintenance services.

B. Need for the District.

There are currently no other governmental entities, including the Town, located in the immediate vicinity of the District that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the District is therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the Town Regarding the District's Governing Document.

The Town's objective in approving the Governing Document for the District is to authorize the District to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by the District. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Property Tax Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Property Tax Levy for commercial and residential properties, and/or repaid by Assessments. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Governing Document is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs.

It is the intent of the District to dissolve upon payment or defeasance of all Debt incurred or upon a court determination that adequate provision has been made for the payment of all Debt.

The District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Assessments or from tax revenues collected from a mill levy which shall not exceed the Maximum Property Tax Levy on taxable properties and which shall not exceed the Maximum Property Tax Levy Imposition Term on taxable properties. It is the intent

of this Governing Document to assure to the extent possible that no taxable property bear an economic burden that is greater than that associated with the Maximum Property Tax Levy in amount and that no taxable property bear an economic burden that is greater than that associated with the Maximum Property Tax Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the District.

Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

7. Governing Document Amendment Requirement.

(a) This Governing Document has been drafted with sufficient flexibility to enable the District to provide required facilities under evolving circumstances without the need for numerous amendments. Actions of the District which violate the limitations set forth in V.A.1-6 above or in VIII.B-G. shall be deemed to be material violations of this Governing Document and the Town shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

All of the Public Improvements will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the Town and/or any other applicable public entity and shall be in accordance with the requirements of the Approved Development Plan. Any portion of bonds issued to refund a prior issuance of debt by the District shall not count against the permitted total Debt. All bonds and other Debt issued by the District may be payable from any and all legally available revenues of the District, including general ad valorem taxes to be imposed upon all Taxable Property within the District and Assessments. These will include the power to assess Fees, penalties, or charges, including as provided in Section 17B-2a-1210, Utah Code, as amended from time to time.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not expected to exceed eighteen percent (18%). The proposed maximum underwriting discount will be five percent (5%). Debt, when issued, will comply with all relevant requirements of this Governing Document, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Property Tax Levy.

(a) The maximum mill levy the District is permitted to impose upon the taxable property within the District for payment of Limited Tax Debt shall be 9 mills (the “Maximum Property Tax Levy”); provided that such levy shall be subject to adjustment as provided in Section 17B-2a-1207(8), Utah Code.

(b) Such Maximum Property Tax Levy may only be amended pursuant to a Governing Document Amendment and as provided in Section 17B-2a-1205, Utah Code.

D. Maximum Property Tax Levy Imposition Term.

Each bond issued by the District shall mature within 40 years from the date of issuance of such bond. In addition, no mill levy may be imposed for the repayment of a series of bonds after a period exceeding 40 years from the date of issuance of such bond (the “Maximum Property Tax Levy Imposition Term”).

E. Debt Repayment Sources.

The District may impose a mill levy on taxable property within its boundaries as a primary source of revenue for repayment of debt service. The District may also rely upon various other revenue sources authorized by law. At the District’s discretion, these may include the power to assess Assessments, penalties, or charges, including as provided in Section 17B-2a-1210, Utah Code, as amended from time to time. Except as described in Section VIII.C(a), the debt service mill levy in the District shall not exceed the Maximum Property Tax Levy or, the Maximum Property Tax Levy Imposition Term, except for repayment of General Obligation Debt.

The District shall not be permitted to charge an End User the costs of any portion of a Public Improvement for which such End User has already paid or is presently obligated to pay through any combination of mill levy, Assessment, or impact fee. In the text of each Bond and any other instrument representing and constituting Debt, the District shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Governing Document for creation of the District.
