ZONE CHANGE APPLICATION - GENERAL INFORMATION

PURPOSE

All lands within the Town are zoned for a specific type of land use (single family residential, multi-family, commercial, etc.). Zoning occurs as a means to provide for a relationship between various types of land uses which promotes the health, safety, welfare, order, economics, and aesthetics of the community. Zoning is one of the main tools used to implement the Town's General Plan.

WHEN REQUIRED

A zone change request is required any time a property owner desires to make a significant change to the use of his/her land. The change may be from one zone density to another. Or, it may be to an entirely different type of use, such as a change from residential to commercial. Since the zone applied to your land limits what you can do, a rezoning application is typically the first step toward a change.

REQUIRED CONSIDERATIONS TO APPROVE A ZONE CHANGE

When approving a zone change, the following factors should be considered by the Planning Commission and Town Council:

1. Whether the proposed amendment is consistent with the Goals, Objectives, and Policies of the Town's General Plan;
2. Whether the proposed amendment is harmonious with the overall character of existing development in the vicinity of the subject property;
3. The extent to which the proposed amendment may adversely affect adjacent property; and
4. The adequacy of facilities and services intended to serve the subject property, including, but not limited to roadways, parks and recreation facilities, police and fire protection, schools, storm water drainage systems, water supplies, and waste water and refuse collection.

PROCESS

Submit a complete application. After it is deemed complete, staff will review the request, and prepare a report and recommendation for the Planning Commission. This will be reviewed at a public hearing where the applicant should attend, present the project, and respond to questions from the Planning Commission. Since it is a public hearing, members of the pub may also have questions or comments. At the public hearing the Planning Commission will review the application and staff's report, and forward a recommendation to the Town Council of approval, approval with modifications, or denial of the zone change application.

Upon receipt of the Planning Commission recommendation, typically one (1) week after the Planning Commission action, the Town Council will consider and act on the Commission's recommendation. The action of the Town Council is final. If denied, a similar application generally cannot be heard for a year.
