New Business

150th/Tacolalah Beer Garden Ordinance No. 2021-06-4533

Deputy City Clerk Evinger presented for discussion a first reading of an ordinance exempting the application of **K.S.A. 41-719(d)** to allow the sale and consumption of alcoholic liquor at a designated area of Wilson Park during the City's **150th Celebration** from **6 to 11 p.m. Friday, July 16, 2021**, and during the **2021 Tacolalah Festival** from **4 to 10 p.m. Saturday, July 17, 2021**.

Public Information Officer Lawson said the organizers of the 150th Celebration – **Visit Ark City**, the **City, Burford Theatre Arts** and the **2021 Tacolalah Committee**, comprising representatives of five City boards and 4 Friends, LLC – have asked to sponsor a beer garden to sell and serve alcohol at Wilson Park during the Burford's BackRhodes concert on **July 16** and Tacolalah on **July 17**.

Tacolalah hopes to support further development of the Wilson Park Master Plan using any funds raised from this festival. Proceeds from the beer gardens will go to support the ongoing mission of Burford Theatre Arts. Lawson said the organizers have provided reasonable assurances that they will take all necessary precautions to ensure the property is used in full compliance with applicable state and local laws, as well as any applicable health orders.

Commissioner Gingher asked **Shannon Martin**, director of Burford Theatre Arts, if those younger than 21 would be allowed inside the perimeter. She asked that this be allowed and explained all of the precautions Burford Theatre Arts will take to prevent underage drinking. Interim Police Chief Burr said he did not see any issues with Martin's proposal and said officers would be there in force.

Commissioner Warren made a motion to approve the ordinance as presented. Commissioner Gingher seconded the motion. A roll call vote was **unanimous** in favor of the motion. Mayor Rogers declared the ordinance **approved** and given **Ordinance No. 2021-06-4533**.

Vacating Compass Point Drive Ordinance No. 2021-06-4534

Deputy City Clerk Evinger presented for discussion a first reading of an ordinance authorizing the vacating of all of **Compass Point Drive** within the replat of **Compass Point Addition**.

Principal Planner White said Sarah and Brandon Jellings had filed a request to vacate Compass Point Drive in the replat of Compass Point Addition. All adjacent property owners were notified.

City Commission of Arkansas City - Regular Meeting Minutes

White said the intent of the replat was to return the streets to private control, but an error was made in the platting process. The Technical Advisory Committee noted that there are a number of utilities present in the area and a utility easement would be needed for the area as the various utilities will need to continue to have access. White recommended approval of the request.

He said the Planning Commission voted unanimously to recommend approval of this vacation, subject to the reservation of the access and utility easement, at its meeting on **June 8**.

Mayor Rogers made a motion to approve the ordinance as presented. Commissioner Welch seconded the motion. A roll call vote was **unanimous** in favor of the motion. Mayor Rogers declared the ordinance **approved** and given **Ordinance No. 2021-06-4534**.

Multimodal Transportation Master Plan

Deputy City Clerk Evinger presented for discussion a resolution approving an agreement by and between the City and **TranSystems Corporation**, of Wichita, for Professional Services to design and construct a **Multimodal Transportation Master Plan** for the City, utilizing Blue Cross Blue Shield of Kansas Pathways to a Healthy Kansas grant funds, for an amount not to exceed **\$25,000.00**.

Public Information Officer Lawson said the City Commission on **May 5, 2020**, indicated support for a "Pathways to a Healthy Kansas" grant application, through RISE Cowley, in the amount of **\$25,000.00** for a Master Transportation Plan. On **May 19, 2020**, the Commission approved **Resolution No. 2020-05-3331**, approving the hiring of a technical consultant prior to **December 15, 2020**, to develop a Master Transportation Plan for the City, utilizing these awarded grant funds.

With the consent of Blue Cross Blue Shield of Kansas (BSBSKS), which has disbursed the grant funds, this deadline was extended to **June 15, 2021**, via the passage of **Resolution No. 2020-12-3377** on **December 15, 2020**. But Lawson asked for the item to be tabled and said BCBSKS signed off.

If the attached agreement is approved, Lawson said the work would kick off at the Traffic Safety Committee meeting on **July 16**. A special meeting may be convened sooner. While TranSystems gathers, collects and analyzes data, the City will be responsible for surveying citizens, convening public meetings and collecting other forms of community engagement to go into this plan.

Harrison Taylor, 525 N. Fourth St., spoke about traffic safety issues throughout Arkansas City. He advocated for not only the Multimodal Transportation Master Plan, but also urged better attendance at future Traffic Safety Committee meetings, a philosophy of traffic management in town that is based on community input and not outside engineering expertise, and changing the "custom" that east-west avenues yield to the north-south streets which have higher traffic volumes.

Mayor Rogers made a motion to table the resolution until **July 6**. Commissioner Warren seconded the motion. A voice vote was **unanimous** in favor of the motion. Mayor Rogers declared the resolution **tabled**.

Comprehensive Fee Schedule Resolution No. 2021-06-3415

Deputy City Clerk Evinger presented for discussion a resolution adopting by reference the City's **2021 Comprehensive Fee Schedule** and repealing **Resolution No. 2021-03-3390**.

City Manager Frazer said the proposed change would provide a 50-percent discount on permit fees for all contractors who build **10 to 25** dwelling units within the same development project, while the permit fees would be completely waived for projects in which **26** or more dwelling units are built.

The same discounting plan would apply to City utility fees as well, Frazer said. But in both cases, the dwelling units must be completed and move-in ready at the end of a 24-month period, and under no circumstances would Neighborhood Revitalization Program fees be waived by the City.

Commissioner Gingher made a motion to approve the resolution as presented. Commissioner Warren seconded the motion. A voice vote was **unanimous** in favor of the motion. Mayor Rogers declared the resolution **approved** and given **Resolution No. 2021-06-3415**.
