I have 26 years experience in Healthcare Administration at the CEO level and above. I have been a Hospital CEO, Group Administrator, Regional Director and Vice President. I have worked for both, For-Profit and Non-Profit Corporations. I started my own company that specialized in working with Hospitals that were in danger of closing because they were not financially viable. I realize that we need our Hospital and realize it should be profitable. I should point out that I have been in Real Estate for the past 16 years, my retirement job.
