

Planning Commission Agenda Item

Meeting Date: 7/12/22
From: Josh White, Principal Planner
Item: Comprehensive Plan discussion

Purpose: Comprehensive Plan discussion

Background:

The topic of discussion this month is Parks and Recreation and Natural and Historical Resources. This is a pretty expansive Chapter and in the past we discussed splitting this into 2 chapters. At this point, I recommend we leave it as one chapter in the interest of time. We've had several meetings on all the topics of this chapter and I hope to summarize any changes and set some measurable goals. The Beautification and Tree Advisory Board and the Historic Preservation Board have both previously reviewed this chapter and made recommendations.

Action:

Hold discussion.
