

Commission Meeting

June 4, 2024

Replacement of Street Lighting along Grand Blvd

| | |
|---|---|
| Department: | Engineering & Environmental Services |
| Presenter: | Dr. Hameed Malik, Director |
| Caption: | Motion to approve the sole source purchase and installation of new street lighting along Grand Blvd between 15th Street and Turpin Street. (Approved by Engineering Services Committee May 28, 2024) |
| Background: | Recently, it was discovered during routine maintenance that this street lighting system is no longer safe to operate. This system is beyond its serviceable life and can no longer be repaired. The entire system will need to be replaced along Grand Blvd. |
| Analysis: | This sole source purchase will allow Georgia Power to procure and replace street lighting along Grand Blvd between 15th Street and Turpin Street. Georgia Power is the only electrical utility available to serve this area and the only company that can install and power street lighting along Grand Blvd. |
| Financial Impact: | Adequate funds are available, and an expenditure of this amount will leave funding for other uses. |
| Alternatives: | Do not approve the sole source funding request. |
| Recommendation: | Approve the sole source purchase order request from Georgia Power in the amount of \$46,784.40. |
| Funds are available in the following accounts: | (\$46,784.40) 276041610-5312310 - Street Lighting Operations fund |
