Wonder who the commissioner is that Tricia the dispatcher and director Hill are throwing under the bus.

I never heard from the administrator.

Good evening Mayor and Police Chief

After four phone calls and two messages I finally reached a live person to talk to at animal control. She identified herself as "Tricia the dispatcher"

Tricia the dispatcher told me that she nor anyone at the Animal Control facility will respond to any animal issues within the city limits of Hephzibah. I further press the issue and she said "James Hill, the sheltered Director, as well as James Dowdy, the field supervisor, were told by the county commissioner to not respond within the city limits of Hephzibah."

Tricia is the dispatcher stated "some two years ago, or possibly a year ago", yes, very vague, was an agreement between the county commissioner and the city of Hephzibah police department would respond to all animal control issues! ???

She states, "please do not leave anymore messages as they will no longer respond to messages I leave concerning animal control". Based on her response, or lack there of, My next step is to go discuss with the county commissioner!

On a brighter note, the health services Director called me today and has taken it upon himself to get the shot record/rabies records of the dogs so I do not have to take rabies shots. We discussed the matter today and he stated he personally contacted Mr. Grier personally this morning and I very much appreciated of what he is doing.

I will continue to provide the city with this, as I am BY NO MEANS done with the issue. If I have issues with the Griers, I will continue to file police reports as well as protect my home, my animals and my family!

Thank You,

RG Williams
