Emergency – May Park Community Center HVAC Replacement

Department:	Central Services Department
Presenter:	Ron Lampkin
Caption:	Receive as information the emergency request for the replacement of the 20-ton roof-top HVAC unit at the May Park Community Center in the amount of \$60,812.00 by Sig Cox.
Background:	The roof-top HVAC unit that services the May Park Community Center is no longer operational. The 20-ton unit will need to be replaced in order to restore air flow to the facility. The failure of this unit, coupled with the outside temperature, is causing the building temperature to increase. This facility is in consistent use by children for daytime club activities. It is imperative that the repairs for the HVAC units takes place to properly provide the conditioned air required to prevent the threat to public health.
Analysis:	Sig Cox will perform the replacement of the unit.
