

## Committee Meeting

Meeting Date: August 13, 2024

Speed Hump Request for London Blvd

---

<b>Department:</b>	Engineering & Environmental Services
<b>Presenter:</b>	Dr. Hameed Malik, Director
<b>Caption:</b>	Approve the installation of four (4) speed humps along London Blvd between Dublin Drive and Barton Chapel Road per adopted Augusta speed hump policy. Approve construction funds in the amount of \$18,000. AE
<b>Background:</b>	The residents of this area requested to go through the speed hump process. The speed survey showed that the majority of the vehicles traveling along this street section were going 10 mph over the posted speed limit. Approximately 51% of the property owners adjacent to London Blvd signed the required petition. AE&ESD will install up to 4 speed humps per Augusta policy.
<b>Analysis:</b>	Based on current cost of materials and labor, the price to install one standard speed hump is approximately \$4,000. Per the adopted policy, four (4) speed humps will be installed to calm traffic and reduce overall vehicle speeds.
<b>Financial Impact:</b>	Adequate funds are available, and expenditures of this amount will leave enough funding for other traffic calming projects throughout the remainder of this fiscal year.
<b>Alternatives:</b>	Do not approve installation of speed humps along London Blvd
<b>Recommendation:</b>	Approve the installation of four (4) speed humps along London Blvd between Dublin Drive and Barton Chapel Road at a cost of approximately \$18,000.
<b>Funds are available in the following accounts:</b>	(\$18,000) 101041710-5319160 – Traffic Operations Budget
<b><u>REVIEWED AND APPROVED BY:</u></b>	HM/ju/sr
