

## Engineer Service Meeting

Meeting Date: 03/11/2025

#5 Clearwell Inspection

---

<b>Department:</b>	Utilities - 4416
<b>Presenter:</b>	Wes Byne
<b>Caption:</b>	Approve Emergency Procurement of Midco Diving and Marine Services, Inc.
<b>Background:</b>	<p>The Clearwell #5 at the Highland Ave water treatment plant appears to have developed a leak, and we are investigating the extent of water loss. In order to identify and repair any issues found, we have requested a specialty dive team to work in the tank while it is in production. The dive team will be able to go inside the Clearwell and repair the leak from the inside to avoid any further water loss or prevent extensive subsurface exploration around the Clearwell.</p> <p>This is an emergency request due to the unknown nature of the leak and the time required to mobilize a specialty dive team to perform this task. Currently they can be available next week, and the effort should take several days. We have used this vendor in the past and they have completed similar work successfully for AUD.</p>
<b>Analysis:</b>	<b>“This is an emergency request, and a PO was requested due to the time sensitiveness of the repair. Therefore, this agenda is for your information only”.</b>
<b>Financial Impact:</b>	\$26,466.00 from budgeted funds
<b>Alternatives:</b>	None Recommended
<b>Recommendation:</b>	Approve Purchase of Services for this Critical Infrastructure.
