ISM On-Call Engineering Services Change Order

Department:	Utilities
Presenter:	Wes Byne
Caption:	Motion approve additional fees in the amount of \$250,000 to ISM Engineering for engineering services supporting the fiber, rainfall, and on-call engineering. 19UTI792(Approved by Engineering Services Committee October 31, 2023)
Background:	AUD is currently evaluating the extension of fiber and the rainfall monitoring network. ISM has an on-call contract and has provided support services for multiple engineering projects. This would extend the on-call contract to allow these services to continue.
Analysis:	<p>This additional scope is in support of the fiber, rainfall monitoring, and supplemental engineering projects.</p> <p>This additional funding has been targeted to continue using ISM in an on-call basis.</p>
Financial Impact:	<p>Funding in the amount of \$250,000 is available from accounts:</p> <p>507043490-5212115/88880230-5212115</p>
Alternatives:	No alternatives are recommended.
Recommendation:	AUD recommends that these engineering services with ISM be approved.
Funds are available in the following accounts:	<p>Funding are available in the following accounts:</p> <p>507043490-5212115/88880230-5212115</p>
