ON-SITE SCHEDULED MAINTENANCE

- On-site service is completed during normal business hours
- Receive consistent service outcomes through proprietary maintenance procedures

TRANE LABORATORY ANALYSIS

Trane Laboratory Analysis tests system fluids for contaminants and other physical characteristics and trends. Conditions indicating sub-optimal HVAC system performance are identified before issues become critical.

Implementation:

- Samples collected by Trane technicians during maintenance as stated in this agreement
- Laboratory analysis of oil, absorption solutions and refrigerants
- Identify long-term equipment performance trends and avoid equipment failures

REFRIGERANT MANAGEMENT

The US Environmental Protection Agency (EPA) has placed in effect more stringent regulations on refrigerant management and reporting in 2020 in addition to mandated leak inspections on certain appliances that exceed the leak rate threshold. Section 608 of the Clean Air Act prohibits the knowing release/venting of refrigerant during the maintenance, service, repair, or disposal of air-conditioning and refrigeration equipment. The EPA requires proper refrigerant management practices and documentation by owners and operators of refrigeration and air-conditioning systems, all servicing technicians, and others. ***The Clean Air Act requires owners to maintain records of refrigerant usage and leak rates for each air-conditioning or refrigeration appliance with refrigerant charge greater than 50 lbs. With recent definition changes from the EPA, each independent circuit is considered a separate appliance. These records must be maintained for 3 years and be directly accessible if audited by the EPA.*** This brief summary of Section 608 of the Clean Air Act is provided for informational purposes only and is not for the purpose of providing legal advice. You should contact your attorney to obtain advice with respect to the application of Section 608 of the Clean Air Act to your business.

All Trane Technicians are Universally certified (the highest level possible) to service, manage, and document your refrigerant and are knowledgeable of applicable law and time constraints to repair leaks. Trane Technicians track all refrigerant in all equipment serviced regardless of appliance size (supports accurate fugitive emissions reporting where applicable).

When a customer has all their refrigerant work performed by a Trane technician - Trane Refrigerant Management software maintains complete record of refrigerant transactions and appliance leak rates. Refrigerant reports provided by Trane will contain the information to satisfy EPA record keeping requirements.

Advantages:

- Real time reporting of refrigerant leak rate informs proactive decisions
- Stay in compliance with state and federal regulations
- Provide acceptable and comprehensive documentation to authorities during audits
- Maintain company environmental standards and provides data for managing any reporting needs
- Detect potential refrigerant leaks before equipment damage occurs
- Technicians are trained to report all refrigerant handling which can aid in fugitive emissions reporting, not just for 50 lbs.+ appliances

Implementation:

- Technicians collect refrigerant information for covered equipment during onsite visits
- Refrigerant data and technician activity are entered into the Trane Refrigerant Management System
- Refrigerant Usage Reports are generated according to your needs

2. **Connected Services.** In addition to these terms and conditions, the Connected Services Terms of Service ("Connected Services Terms"), available at <https://www.trane.com/TraneConnectedServicesTerms>, as updated from time to time, are incorporated herein by reference and shall apply to the extent that Company provides Customer with Connected Services, as defined in the Connected Services Terms.

3. **Acceptance.** The Proposal is subject to acceptance in writing by the party to whom this offer is made or an authorized agent ("Customer") delivered to Company within 30 days from the date of the Proposal. If Customer accepts the Proposal by placing an order, without the addition of any other terms and conditions of sale or any other modification, Customer's order shall be deemed acceptance of the Proposal subject to these Terms and Conditions. If Customer's order is expressly conditioned upon Company's acceptance or assent to terms and/or conditions other than those expressed herein, return of such order by Company with Company's Terms and Conditions attached or referenced serves as Company's notice of objection to Customer's terms and as Company's counteroffer to perform in accordance with the Proposal and Company Terms and Conditions. If Customer does not reject or object in writing to Company within 10 days, Company's counteroffer will be deemed accepted. Customer's acceptance of performance by Company will in any event constitute an acceptance by Customer of Company's Terms and Conditions. This Agreement is subject to credit approval by Company. Upon disapproval of credit, Company may delay or suspend performance or, at its option, renegotiate prices and/or Terms and Conditions with Customer. If Company and Customer are unable to agree on such revisions, this Agreement shall be cancelled without any liability, other than Customer's obligation to pay for Services provided by Company to the date of cancellation.

4. **Fees and Taxes.** Fees for the Services (the "Service Fees") are as set forth in the Proposal. Except as otherwise stated in the Proposal, Service Fees are based on performance during regular business hours. Based on the foregoing, the parties agree and consent that liquidated damages of \$1,000.00 is a reasonable sum, and is not plainly or grossly disproportionate to, the probable loss likely to be incurred with any breach of this Agreement. Trane agrees to pay as liquidated damages to Augusta, Georgia the amount of \$1,000 for each occurrence of breach during the duration of the Contract. The parties agree that these provisions for liquidated damages are not intended to operate as penalties. The parties shall agree upon a form and manner for communicating the breach. Augusta, Georgia's failure to claim a breach of this Agreement pursuant to this term shall not be considered as a waiver of a claim of that breach. Unless otherwise agreed to in writing, the liquidated damages shall function as a credit to the amount owed by Augusta, Georgia and will decrease any amounts owed to TRANE per the schedule of maintenance on page 21. This included all services provided by TRANE that are listed for all locations in the HVAC Equipment Coverage that have a listed Term for maintenance, except for authorized extensions of time by the AUGUSTA, GEORGIA. Upon the sole discretion of Augusta, Georgia, if the amount of damages for a particular breach of this contract is grossly disproportionate and unreasonable to be resolved in the amount of \$1,000.00, Augusta, Georgia shall not be bound by the provisions of this Agreement.

6. **Payment.** Payment is due upon receipt of Company's invoice. Service Fees shall be paid no less frequently than quarterly and in advance of performance of the Services. Company reserves the right to add to any account outstanding for more than 30 days a service charge equal to the lesser of the maximum allowable legal interest rate or 1.5% of the principal amount due at the end of each month. Without liability to Customer, Company may discontinue performance whenever payment is overdue. Customer shall pay all costs (including attorneys' fees) incurred by Company in attempting to collect amounts due or otherwise enforcing this Agreement.

7. **Customer Breach.** Each of the following constitutes a breach by Customer and shall give Company the right, without an election of remedies, to suspend performance or terminate this Agreement by delivery of written notice declaring termination. Upon termination, Customer shall be liable to the Company for all Services furnished to date and all damages sustained by Company (including lost profit and overhead): (a) Any failure by Customer to pay amounts when due; (b) any general assignment by Customer for the benefit of its creditors, Customer's bankruptcy, insolvency, or receivership; (c) Any representation or warranty furnished by Customer in connection with this Agreement is false or misleading in any material respect when made; or (d) Any failure by Customer to perform or comply with any material provision of this Agreement.

3. **Customer Data: Confidentiality.** Trane shall keep confidential, and shall not access or use any Customer Data and information that is marked confidential or by its nature is considered confidential ("Customer Confidential Information") other than for the purpose of providing the Equipment and Services, and will disclose Customer Confidential Information only: (i) to Trane's employees and agents who have a need to know to perform the Services, (ii) as expressly permitted or instructed by Customer, or (iii) to the minimum extent required to comply with applicable law, provided that Trane (1) provides Customer with prompt written notice prior to any such disclosure, and (2) reasonably cooperate with Customer to limit or prevent such disclosure.
4. **Customer Data: Compliance with Laws.** Trane agrees to comply with laws, regulations governmental requirements and industry standards and practices relating to Trane's processing of Customer Confidential Information (collectively, "Laws"). The Parties acknowledge that both TRANE and County are required to comply with the Georgia Open Records Act, O.C.G.A. § 50-18-70, et seq. See, *Milliron v. Antonakakis*, S24G0198, Supreme Court of Georgia, decided August 13, 2024. As a result, TRANE acknowledges and agrees that County may make such disclosures as are authorized or required under the Georgia Open Records Act, notwithstanding any claims of confidentiality asserted by TRANE as to any records or data in the County's possession.

Upon execution of this Agreement, TRANE shall designate in writing that one or more of its officers shall be the open records officer for TRANE in accordance with the Open Records Act. In the event that TRANE receives a request for records under the Open Records Act, TRANE shall notify County within two business days by sending an email, return receipt requested, [dedicated email address we create]. TRANE shall assert all exemptions and exceptions available to the fullest extent of the law and shall not produce any records which are subject to withholding under the Open Records Act or any other state or federal law. TRANE shall have a duty to consult with independent legal counsel concerning which records are or are not subject to production prior to making any production, and shall certify to County at the time the proposed production is provided to County that the records contained therein have been reviewed by counsel for responsiveness and that all information that is protected or protectable from release under the law has been redacted therefrom. TRANE shall be responsible for calculating response costs and billing requestors for all requests sent in accordance with the Open Records Act, and TRANE's complete compliance with the provisions of this section shall be performed at no cost to County.

TRANE assumes all civil and criminal liability for its own compliance with the Open Records Act. In the event that TRANE produces material records that are subject to withholding under the Open Records Act, and it would be impossible or very difficult to accurately estimate the damages and harm caused to County by such production, then TRANE shall pay County the sum of \$1,000.00 per request as liquidated damages. The Parties intend that

these liquidated damages shall constitute compensation, and not a penalty, and that the liquidated damages are reasonable estimate of the anticipated or actual harm that might arise from a breach by TRANE. Where actual damages are calculable, then County shall reserve the right to seek actual damages for the harm caused by such production instead of liquidated damages. Nothing herein shall be construed as limiting in any way the County's right to seek injunctive, declaratory, or other relief to prevent the release of protected information prior to any such production being made.

5. **Customer Data: Information Security Management.** Trane agrees to establish and maintain an information security and privacy program, consistent with applicable HVAC equipment industry practices that complies with this Addendum and applicable Laws ("**Information Security Program**"). This includes requiring Trane employees to annually re-acknowledge the Code of Conduct and other Trane policies as appropriate. Trane conducts periodic security awareness campaigns to educate personnel about their responsibilities and provide guidance to create and maintain a secure workplace.
12. Secure Disposal Policies. Trane will maintain policies, processes, and procedures regarding the disposal of tangible and intangible property containing Customer Confidential Information so that wherever possible, Customer Confidential Information cannot be practicably read or reconstructed.

Trane's monitoring includes a review of changes affecting systems' handling authentication, authorization, and auditing, and privileged access to Trane production systems. Trane uses the principle of "least privilege" (meaning access denied unless specifically granted) for access to customer data.
14. Contingency Planning/Disaster Recovery. Trane will implement policies and procedures required to respond to an emergency or other occurrence (i.e. fire, vandalism, system failure, natural disaster) that could damage Customer Data or any system that contains Customer Data. Procedures include the following
 - (i) Data backups; and
 - (ii) Formal disaster recovery plan. Such disaster recovery plan is tested at least annually.
15. Return of Customer Data. If Trane is responsible for storing or receiving Customer Data, Trane shall, at Customer's sole discretion, deliver Customer Data to Customer in its preferred format within a commercially reasonable period of time following the expiration or earlier termination of the Agreement or, such earlier time as Customer requests, securely destroy or render unreadable or undecipherable each and every original and copy in every media of all Customer's Data in Trane's possession, custody or control no later than [90 days] after receipt of Customer's written instructions directing Trane to delete the Customer Data.
16. Background Checks Trane shall take reasonable steps to ensure the reliability of its employees or other personnel having access to the Customer Data, including the conducting of appropriate background and/or verification checks in accordance with Trane policies.

Liquidated damages

- The parties acknowledge that due to: (i) the substantial and complicated nature of the services provided pursuant to this Agreement; (ii) the necessities of Augusta, Georgia to reduce overhead and costs in the administration, oversight, and nature of the Agreement; (iii) the high likelihood of minor but palpable breaches of this Agreement; (iv) that each breach will differ in the amount of actual damages suffered by Augusta, Georgia; and (v) that the cost of determining actual damage of each breach will far exceed the amount of actual damages to Augusta, Georgia. Based on the foregoing, the parties agree and consent that liquidated damages of \$1,000.00 is a reasonable sum, and is not plainly or grossly disproportionate to, the probable loss likely to be incurred with any breach of this Agreement. Trane agrees to pay as liquidated damages to Augusta, Georgia the amount of \$1,000 for each occurrence of breach during the duration of the Contract. The parties agree that these provisions for liquidated damages are not intended to operate as penalties. The parties shall agree upon a form and manner for communicating the breach. Augusta, Georgia's failure to claim a breach of this Agreement pursuant to this term shall not be considered as a waiver of a claim of that breach. Unless otherwise agreed to in writing, the liquidated damages shall function as a credit to the amount owed by Augusta, Georgia and will decrease any amounts owed to TRANE per the schedule of maintenance on page 21. This included all services provided by TRANE that are listed for all locations in the HVAC Equipment Coverage that have a listed Term for maintenance, except for authorized extensions of time by the AUGUSTA, GEORGIA. Upon the sole discretion of Augusta, Georgia, if the amount of damages for a particular breach of this contract is grossly disproportionate and unreasonable to be resolved in the amount of \$1,000.00, Augusta, Georgia shall not be bound by the provisions of this Agreement.

"TRANE acknowledges that this contract and any changes to it by amendment, modification, change order or other similar document may have required or may require the legislative authorization of the Board of Commissioners and approval of the Mayor. Accordingly, TRANE agrees that if it provides goods or services to Augusta, Georgia under a contract that has not received proper legislative authorization or if the TRANE provides goods or services to Augusta, Georgia in excess of the any contractually authorized goods or services, as required by Augusta, Georgia's Charter and Code, Augusta, Georgia may withhold payment for any unauthorized goods or services provided by TRANE. TRANE assumes all risk of non-payment for the provision of any unauthorized goods or services to Augusta, Georgia, and it waives all claims to payment or to other remedies for the provision of any unauthorized goods or services to Augusta, Georgia, however characterized, including, without limitation, all remedies at law or equity." This acknowledgement shall be a mandatory provision in all Augusta, Georgia contracts for goods and services, except revenue producing contracts

TRANE shall further agree that, should it employ or contract with any subcontractor(s) in connection with the physical performance of services pursuant to its contract with Augusta,

Georgia the TRANE will secure from such subcontractor(s) each subcontractor's E-Verify number as evidence of verification of compliance with O.C.G.A. § 13-10-91 on the subcontract affidavit provided in Rule 300-10-01-.08 or a substantially similar form. TRANE shall further agree to maintain records of such compliance and provide a copy of each such verification to Augusta, Georgia at the time the subcontractor(s) is retained to perform such physical services

The Parties acknowledge that both TRANE and County are required to comply with the Georgia Open Records Act, O.C.G.A. § 50-18-70, et seq. See, *Milliron v. As a result, TRANE acknowledges and agrees that County may make such disclosures as are authorized or required under the Georgia Open Records Act, notwithstanding any claims of confidentiality asserted by TRANE as to any records or data in the County's possession.

Upon execution of this Agreement, TRANE shall designate in writing that one or more of its officers shall be the open records officer for TRANE in accordance with the Open Records Act. In the event that TRANE receives a request for records under the Open Records Act, TRANE shall notify County within two business days by sending an email, return receipt requested, [dedicated email address we create]. TRANE shall provide County with copies of all records proposed for production prior to responding to such request. TRANE shall assert all exemptions and exceptions available to the fullest extent of the law and shall not produce any records which are subject to withholding under the Open Records Act or any other state or federal law. TRANE shall have a duty to consult with independent legal counsel concerning which records are or are not subject to production prior to making any production, and shall certify to County at the time the proposed production is provided to County that the records contained therein have been reviewed by counsel for responsiveness and that all information that is protected or protectable from release under the law has been redacted therefrom. TRANE shall be responsible for calculating response costs and billing requestors for all requests sent in accordance with the Open Records Act, and TRANE's complete compliance with the provisions of this section shall be performed at no cost to County.

TRANE assumes all civil and criminal liability for its own compliance with the Open Records Act. In the event that TRANE produces material records that are subject to withholding under the Open Records Act, and it would be impossible or very difficult to accurately estimate the damages and harm caused to County by such production, then TRANE shall pay County the sum of \$1,000.00 per request as liquidated damages. The Parties intend that these liquidated damages shall constitute compensation, and not a penalty, and that the liquidated damages are a reasonable estimate of the anticipated or actual harm that might arise from a breach by TRANE. Where actual damages are calculable, then County shall reserve the right to seek actual damages for the harm caused by such production instead of liquidated damages. Nothing herein shall be construed as limiting in any way the County's right to seek injunctive, declaratory, or other relief to prevent the release of protected information prior to any such production being made.
