Background:	The Broad Street Improvements is a project from the “Approved Investment List” of TIA that was approved by voters of the CSRA in July 31, 2012 referendum. The Broad Street is a Band 3 project. The project improvements consist of improving roadway safety by resurfacing, reconstructing the existing curb and gutter, replacing sidewalks and improving the storm water system. The project will improve pedestrian safety at intersections with new high visibility crosswalks. New street landscaping will be provided, where possible, to enhance pedestrian use and improvement of roadway aesthetics. Project construction contract awarded to E R Snell Contractor on August 1, 2023 and construction will commence soon. Construction Phase requires design related coordination with utilities, resolution of constructability conflicts, review of contractor construction documents submittals, and request for field information (CEI) that warrants design engineer services.
Analysis:	Project is in construction. On April 5, 2019 the Augusta Commission approved the award of design phases of the project to Hussy Gay Bell (HGB). This supplemental agreement covers services during the construction phase (CEI) for contractor request for field information, utility conflicts assessment & resolution, field engineering, and attending construction progress meetings.
Financial Impact:	Project TIA Funds.
Alternatives:	1). Do not approve and find alternative to complete the project and meet TIA project completion schedule.

Recommendation: Approve supplemental funding (SA4) to Hussy Gay Bell (HGB) in the amount of \$280,936.00 for the Broad Street Improvements Construction Phase Services (CEI). AE / RFP 18-311
