| Department: | Engineering & Environmental Services |
| Presenter: | Dr. Hameed Malik, Director |
| Caption: | Approve supplemental funding (SA5) to Hussy Gay Bell (HGB) in the amount of \$311,674.40 for the Broad Street Improvements Construction Phase Services (CEI). AE / RFP 18-311 |
| Background: | The Broad Street Improvements is a project from the “Approved Investment List” of TIA that was approved by voters of the CSRA on the July 31, 2012 referendum. The Broad Street is a Band 3 project. The project improvements consist of improving roadway safety by resurfacing, reconstructing the existing curb and gutter, replacing sidewalks and improving the storm water system. The project will improve pedestrian safety at intersections with new high visibility crosswalks. Project construction contract was awarded to E R Snell Contractor on August 1, 2023. Road construction in progress now. Construction Phase requires design related coordination with utilities, adjacent businesses & stakeholders, resolution of constructability conflicts, review of contractor construction documents submittals, and request for field information (CEI) that warrants design engineer services. |
| Analysis: | Project is in construction. On April 5, 2019 Augusta Commission approved the award of design phases of the project to Hussy Gay Bell (HGB). Recently Augusta Commission asked the Department to explore mitigating Broad Street improvements impact on public street parking. This supplemental funding covers services for developing Ellis Street & Reynold Street Road Diet concept with emphases on adding street parking along these two roadways as a Broad Street improvements impact mitigation measure. |
| Financial Impact: | Project TIA Funds |
| Alternatives: | Not proposed. |

Recommendation: Approve supplemental funding (SA5) to Hussy Gay Bell (HGB) in the amount of \$311,674.40 for the Broad Street Improvements Construction Phase Services (CEI). AE / RFP 18-311

Funds are available in the following accounts: (\$311,674.40) 371-041110-52.12115 / T5040107-52.12115 - Project TIA Funds
