

Public Services Committee

Meeting Date: October 13, 2026

Emergency procurement for Boiler Replacement (Henry H. Brigham Swim Center)

Department:	Recreation and Parks
Presenter:	Tameka D. Williams
Caption:	Motion to receive as information an emergency procurement pursuant to Section 1-10-57 of the Augusta, Georgia Procurement Code for services to replace boiler and build boiler enclosure by Gold Mech, Inc., in the amount of \$90,376.77.
Background:	The boiler at Henry H. Brigham Swim Center needs immediate replacement and must be enclosed to the environment. In accordance with the emergency procurement provisions outlined in Section 1-10-57 of the Augusta, Georgia Procurement Code, the Recreation & Parks Department initiated emergency contracting for boiler services to address this urgent need. Gold Mech, Inc. was engaged to provide these services due to their availability, capacity, and proven track record with similar municipal projects. The procurement has already been executed under emergency authority in the amount authorized.
Analysis:	The emergency procurement was necessary to improve facility equipment and prevent further repairs to public property. Due to the urgent nature of the work, formal bidding procedures were bypassed under the emergency procurement authority. This motion serves to formally acknowledge and receive the details of this procurement as information.
Financial Impact:	The emergency work will be completed for a total cost of \$90,376.77.
Alternatives:	N/A
Recommendation:	Receive as information the emergency procurement for services to replace boiler and build boiler enclosure provided by Gold Mech, Inc., under Section 1-10-57 of the Augusta, Georgia Procurement Code, in the amount of \$90,376.77.
