Motion to Accept Bid for ITB 26-400 Fire Alarm System Replacement - CBWDC

Department:	Sheriff
Presenter:	Major Chester V. Huffman, Jr.
Caption:	Motion to accept a bid from Basesix Systems, LLC in the amount of \$538,001.00 for replacement of the fire alarm system at the Charles B. Webster Detention Center (ITB 26-400).
Background:	Originally constructed in 1997, the CBWDC has expanded twice, resulting in multiple fire alarm panels and hundreds of initiating devices, emergency control devices and power supplies. The most recent fire system inspection cited a large percentage of device failures and deficiencies, resulting in this Invitation to Bid.
Analysis:	Fire alarm systems at the Detention Center no longer communicate with hundreds of devices. Incompatibility between fire alarm panels and their failure to function properly necessitates a total overhaul of the system.
Financial Impact:	Funds are available in the CBWDC-Central Services Capital funding account.
Alternatives:	N/A
Recommendation:	Accept the bid for replacement of the Fire Alarm system at the CBWDC.
Funds are available in the following accounts:	#272-01-6213/5426120
