

## **Public.Service.Committee.Meeting**

Meeting Date: 06/10/25

Airport Runway 17-35 Approach Improvements CAT II 9 (Bid 25-161)

---

<b>Department:</b>	Augusta Regional Airport
<b>Presenter:</b>	Herbert L. Judon, Jr., Airport Executive Director
<b>Caption:</b>	Motion to approve <b>Recommendation of Award</b> to Trinity Electrical Services, LLC in the amount of \$771,265.00 for the Approach Improvements to Runway 17-35. (Bid 25-161)
<b>Background:</b>	<p>Bids were opened and read publicly on April 14, 2025, at 3:00 pm, local time at the Augusta Procurement Department. A single bid was received from Trinity Electrical Services, LLC headquartered in Baxley, GA.</p> <p>Based on Mead &amp; Hunt's review, we recommend awarding the base bid to Trinity Electrical Services in the amount of \$771,265.00 (See attached Bid Tabulation). After reviewing and evaluating the unit prices associated with the various construction line items, the costs associated seem to fall within the current market averages seen across the region and country in similar projects, with multiple being at or below the engineer's estimate. Based upon our review and the City's Procurement Department's review, we believe Trinity Electrical has submitted a responsive bid and is a responsible, experienced airport electrical contractor.</p> <p>It is hereby requested that the Aviation Commission approve this Recommendation of Award, allowing Augusta Regional Airport to award the project to Trinity Electrical Services.</p>
<b>Analysis:</b>	<p>Mead &amp; Hunt's construction estimate for this project was <b>\$402,063.00</b>. Trinity Electrical Services, LLC bid for the same bid package came in at <b>\$771,265.00</b>. Because the low bid and corresponding line items are in line with the overall current costs in the region and Trinity's bid was compliant, Mead and Hunt recommends award.</p> <p>Mead and Hunt have reviewed the response to the advertisement for bids (IFB #25-161) for the Runway 17-35 Approach Improvement project and recommends awarding the project to Trinity Electrical in the amount of <b>\$771,265.00</b>.</p>

This Recommendation of Award has been reviewed by Airport Legal Counsel, Mr. Robert Kerr.

**Financial Impact:** This contract is proposed to be funded through Airport Enterprise funds.

**Alternatives:** N/A
