Background:	<p>Contract services are integral part of Augusta Engineering Services Program delivery. Augusta Engineering is utilizing contract services since 2019 to manage and maintain highly visible and entryways right-of-way landscaped areas under its storm water services program. This contract will be the continuity of existing services under the 2019 contract as it ends soon. Such services are essential to minimizing public safety risk and associated potential hazard liabilities, enhancing surrounding aesthetic and improving quality of life.</p>

Augusta Quality LLC and Pond Maintenance of Augusta were the two firms that were evaluated. Firms were evaluated based on qualifications, relevant experience, and ability to provide requested services. Fee schedule and landscaped areas list is attached as EXHIBIT A.</p> <p>The award is only for Groups 1, 2 and 3 for the Engineering Department. Group 4 is still under evaluation pending funding availability and will be presented for award once funding is available.</p>
