Scissor Lift – Cooperative Procurement Purchase

Department: Augusta Transit

Presenter: Sharon Dottery

Caption: A motion to approve the purchase of a Scissor Lift for bus and shop repairs from Wespro JCB utilizing the Cooperative Council of Government and Equalis Group with JCB, - RFP #COG-2149E in the amount of \$34,950.00.

Background: Bids were solicited under ITB-26-265 for a Scissor Lift. No bids were received. The Procurement Department researched other sources and acquired a Cooperative Agreement with Wespro JCB, Inc. Effective 9/1/2023 to 8/31/2027.

Analysis: The Maintenance and Operations Facility for Augusts Transit has 18-ft ceilings that require a scissor lift for repairs and maintenance for the vehicles and facilities, i.e. lighting, pipes, cameras and roof tops for the main facility and the Broad Street Transfer Facility. The Scissor Lift to be purchased is a 2026 Genie 3246E through Cooperative Agreement, COG-2149E prepared by Cooperative Council of Government and Equalis Group with JCB, Inc. This will allow Augusta Transit to make repairs as necessary without requesting the use of a Scissor Lift at a cost. The Transit Department has reviewed the item and have determined that it will meet the needs of the department.

Financial Impact: This purchase will be funded with GDOT TTFP grant funds from the Transit Department’s 2026 Capital Budget with no matching funds required.

The allocated funding breakdown is:

<u>Funding Sources</u>	<u>Total</u>	<u>Split</u>	<u>Federal</u>	<u>Local</u>
GDOT TTFP Grant	\$34,950.00	0	\$0.00	\$0.00
Total	\$34,950.00			

Alternatives: Deny request.

Recommendation: Approve the purchase of the Scissor Lift from Wespro JCB via Cooperative Agreement COG-2149E.

Funds are available in the following accounts: 54709-1122/53-16210
