Introduction & Funding Distribution

Please refer to the table below to identify Applicant Organization's total available allocation of FY 2025 Section 5303 planning funds.

Considerations

- The amount depicted under "Total Allocation" represents only the Federal funding available to each MPO.
- The proposed project must also include non-federal matching funds of 20% of the total project cost.
- For FY 2025, GDOT has identified state matching funds of up to 10% of the total project cost. Your organization must provide the remaining 10% local match.

For FY 2025, GDOT has identified additional funding availability. Organizations with identified planning project needs beyond their allocation are encouraged to apply for additional funding. All such additional funding requests will be considered according to criteria in Appendix D.
