TERMS

1. **Recitals.** The foregoing recitals are true and correct and are incorporated herein by reference.

2. **Definitions.**

- a. **“Project”** refers to any stormwater-related project submitted by the Municipality to the District for approval as described in Section 3 below that is to be funded in whole or in part by Grant Funds.
- b. **“Rules and Regulations”** means all District rules, regulations, manuals, standards, policies, criteria, technical specifications, and requirements applicable to sewer construction and stormwater development, as amended from time to time.
- c. **“Grant Funds”** means the funds made available by the District to the Municipality under the Municipal Stormwater Grant Program for a Project.

3. **Application Process and Project Submittal.**

- a. To obtain Grant Funds from the District, the Municipality shall submit an application and all required Project plans and other information to the District in the form and manner required by the District for approval. The application shall, among other things, specify the amount of available Grant Funds the Municipality is seeking from the District.
- b. The District may not review any application for Grant Funds submitted by a Municipality that has an outstanding balance owed to the District for unpaid charges or fees or is otherwise in violation of any District Ordinance, rule or regulation, until said Municipality has either paid the balance in full or reached an agreement with the District that will result in payment of the balance owed or has otherwise rectified any issue of non-compliance.
- c. All Projects funded in whole or in part with Grant Funds must comply with the District’s Rules and Regulations regarding stormwater development, including applicable design criteria, and technical and construction standards. The Municipality agrees to comply with all requirements needed for the District to approve the Project plans.
- d. The District will review the application and submittals for completeness and compliance with this Agreement and the Rules and Regulations.

4. **Grant Determination and Project Approval.** If the District determines that: (a) the Municipality’s application meets the District’s requirements; (b) the proposed Project addresses a flooding or erosion control issue, and (c) there are Grant Funds available for distribution to the Municipality, then the District will approve the Project and make the requested Grant Funds available. The Parties agree that the terms of this Agreement shall apply to any Project that is funded in whole or in part by Grant Funds.

5. **Disbursement; Use of Funds.** Grant Funds shall be used solely for eligible Project costs approved by the District. Disbursement shall occur in accordance with District procedures,

which, at the District's discretion, may include a lump sum payment, reimbursement upon submission of satisfactory documentation, or progress payments tied to milestones approved by the District depending on the Project. The Municipality shall diligently pursue efforts to complete the approved Project in a timely manner. The District may withhold, reduce, or delay disbursements if the Municipality is in breach, fails to provide required documentation, or if the Project no longer complies with the Rules and Regulations.

6. **Permits and Approvals.** The Municipality shall obtain, maintain, and comply with all permits, licenses, consents, and approvals necessary to complete an approved Project, including but not limited to federal, state, and local permits, and any permits required by the District.
7. **Changes; Notice.** The Municipality shall provide prompt written notice to the District of any material changes in scope, schedule, or budget impacting a given Project, and shall not implement material changes without the District's prior written consent.
8. **Dedication, Easements, and Related Documents.** In the event an approved Project involves new construction that will become part of the District's public sewer system, the Municipality agrees to complete the District's dedication process for eligible Project improvements and to execute and deliver any easements, dedications, affidavits, plats, maintenance/access instruments, as-built plans, GIS data, or similar documents or information the District deems necessary for the Project to be dedicated to the District and become part of the public sewer system.
9. **Compliance with Laws; Prevailing Wage.** As a condition of receiving Grant Funds, the Municipality shall comply, and shall cause its contractors and subcontractors to comply, with all applicable federal, state, and local laws, regulations, and ordinances, including without limitation, applicable prevailing wage laws and laws governing the bidding of public works projects.
10. **Records; Retention; Cooperation.** The Municipality shall establish and maintain complete and accurate records relating to the Project and Grant Funds, including but not limited to engineering studies, plans, procurement, contracts, change orders, pay applications, payrolls, certified wage documentation, inspections, testing, and closeout. The Municipality shall provide reasonable access to personnel, sites, records, and systems during normal business hours and shall cause its contractors and subcontractors to do the same.
12. **Misapplication of Funds; Suspension; Repayment.** If the District determines that the Municipality has misapplied Grant Funds, the Municipality will be suspended from

participation in the grant program. In addition, the Municipality may be required to repay misapplied funds as a penalty, in an amount and on a schedule determined by the District, without prejudice to other remedies available at law or in equity.

13. Term; Termination of Agreement.

- a. This Agreement commences on the Effective Date and shall remain in effect so long as the Municipality chooses to participate in the Municipal Stormwater Grant Program. Either Party may terminate this Agreement, with or without cause, at any time by providing thirty (30) days' written notice.
- b. The District may immediately terminate this Agreement if the Municipal Stormwater Grant Program is cancelled or no longer funded due to a change in law or a decision of the District's Board of Trustees. Under no circumstances shall the District be obligated to fund a Project once all Grant Funds have been distributed to the Municipality.
- c. The District may immediately terminate this Agreement if the Municipality is in violation of any Ordinance of the District or fails to pay amounts due the District for wastewater or stormwater services.

14. Independent Status; No Third-Party Beneficiaries. The Parties agree that the Municipality's acceptance of any Grant Funds does not in any way establish an agency, partnership, or joint venture between the District and the Municipality, its contractors, or any other third-party. The Municipality and its contractors are independent entities. No third-party beneficiaries are intended under this Agreement.

15. Assignment. The Municipality shall neither assign nor transfer any rights or obligations under this Agreement without prior written consent of the District, approved by the same parties who executed and approved this Agreement, or their successors in office.

16. Execution in Counterparts. This Agreement may be executed and signatures exchanged by electronic means and electronic and digital signatures shall constitute an original signature for all purposes.

17. Governing Law. This Agreement shall be governed and interpreted in accordance with the laws of the State of Missouri.

18. Severability. If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement will remain in full force and effect. Any provisions of this Agreement held invalid or unenforceable only in part or degree will remain in full force and effect to the extent not held invalid or unenforceable.

19. **Entire Agreement.** This Agreement constitutes the entire agreement between the parties and supersedes all previous discussions and agreements. Amendments must be made in writing signed by both Parties.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the day and year first above written.
