Subject: Crushed Rock/Stone

Department/Program: Public Works- Pavement-Slabs-Sidewalks

Explanation: In FY2023, the City has budgeted \$80,000 for the components of concrete that we use to repair streets and sidewalks. Crushed rock and concrete stone are two of the materials needed for concrete production. Crushed rock/stone is used in-house as a base for concrete pavement slabs, curbs, gutters, and sidewalk replacements. Commercial stone is used in concrete production.

We advertised in the St. Louis Business Journal, and solicited bids from several suppliers, and posted on the City’s website. Bid specifications are on file at the Public Works Department. On March 3rd, 2023, three (3) bids were received and opened. The summary of bids received is as follows.

Bidder	Type 5 Rock	Commercial Stone	State Concrete Stone	Alt. Bid #1	Alt. Bid #2	Alt. Bid #3	Alt. Bid #4
Simpson Materials	\$6.95/ton	\$12.25 /ton	\$12.25/ton	\$1.55 /ton	No Charge	\$6.25 /ton	\$6.15 /ton
New Frontier	\$8.50/ton	\$20.00	\$20.00	No Bid	No Charge	No Bid	No Bid
Central Stone	\$7.00/ton	\$14.55/ton	\$15.75/ton	No Bid	No Bid	No Bid	No Bid

- Base bid - Type 5 Aggregate material only
- Commercial Stone- Rock used in the production of concrete
- State Concrete Stone-Rock used in the production of concrete.
- Alternate bid item #1 – Non-Reinforced Concrete Debris Disposal
- Alternate bid item #2 – Asphalt Debris Disposal
- Alternate bid item #3 – Aggregate Delivery Cost
- Alternate bid item #4 –Recycled Type 5 Aggregate

The overall concrete budget is \$80,000, but we only plan to use around \$20,000 for the crushed rock and \$15,000 for the concrete stone.

Recommendation: We recommend awarding this unit price contract to Simpson Materials including all the alternate bids.
