

Staff Report

Subject: Vlasis Park Master Plan

Department/Program: Parks and Recreation

Explanation:

In 2021 Parks staff solicited bids for professional services for the development of the Vlasis Park Master Plan. The Lawrence Group was selected out of the process. The Lawrence Group completed a full site analysis of the park was done along with a full topographical survey. Factors taken into consideration included existing conditions, age of equipment, site constraints, and facilities within the park. Public input was gathered through a stakeholder meeting, online survey, public outreach at Ballwin Days, and a public meeting held at the Ballwin Golf Course Events Center. Through this process, The Lawrence Group developed a conceptual plan to assist the city in the future planning and development of Vlasis Park. This plan was presented to the Board on April 11. With feedback from the Board, the plan was updated and broadcast to the public on social media and via the City's web site. Staff received little feedback and none that required any changes to the plan.

Recommendation: Adopt the Vlasis Park Master Plan.
