RE: Liquor License for Servicios Internationales

Department/Program: Administration

Explanation: Servicios Internationales located at 15218 Manchester Road, AKA El Mercadito, is seeking a liquor license. It is a renewal of their current liquor license that allows packaged liquor to be sold at the grocery store seven days a week. They do not have their certificate of no tax due from the state of Missouri, so we are still awaiting approval on their business license.

Recommendation: Staff recommends approval of liquor license, conditional upon completion of business license.
