MEETING DATE: April 11, 2023

TITLE:

Consider action to approve the first reading of Ordinance No. 2023-11, of the City Council of the City of Bastrop, Texas, amending Article 2.4 Administration Section 2.4.001 Nonconforming Uses and Structures (c) Continuing Lawful Use of Property & Existence of Structures item (4) No nonconforming use or Structure may be expanded, reoccupied with another nonconforming use, or increased as of the effective date of this Code, unless authorized by the ZBA by adding an administrative relief component for residents.

BACKGROUND/HISTORY

The B3 code, as adopted, requires all existing uses and structures who do not meet the B3 standard to be considered nonconforming, also known as “grandfathered”. Nonconforming uses are intended to move the community into current planning, building code, and design standards.

An unexpected consequence of the B3 code, was the disparate impact it would have on residents in predominantly low-income areas, or the large extent of the town that would be considered nonconforming and what that actually would mean to residents.

This agenda item seeks to provide administrative relief to residents and businesses in that section of the code.

An example of this impact is an applicant who wishes to add a concrete driveway in the first layer of the lot on Fayette Street. There is an existing gravel driveway that is narrow and has been used for parking for over 50 years. The existing code, as written, would not allow the driveway because it does not allow expansion of an existing nonconforming structure to occur. The applicant would need to request a variance to the Zoning Board of Adjustment at a significant cost in order to install the driveway.

If the intent of the code is to keep “authentic Bastrop”, a common nonconforming planning practice should be applied; that is a radius of 200 ft or less, is taken from the property in question. If more than 50% of the properties surrounding it have similar circumstances, then it would be allowed. The reasoning is that it allows the neighborhood to retain its character without major legislative approvals, instead an internal administrative approval can be obtained.
