

## Parks Update:

- Earlier this month Parks staff set out a memorial bench on the Riverwalk for Sherry Schena.
- Parks assisted the Streets & Drainage division with ROW pruning on Pecan Street and removed a dead tree over the street by Mina Elementary.
- Parks staff planted 2 trees at Delgado and 1 Bob Bryant Parks.
- Parks staff planted lantana at City Hall.
- Parks staff assisted with traffic control for the BHS Homecoming Parade.
- The month of September was extra busy sadly for Parks staff member, Terry Wendland who is the main gentlemen who cleans a majority of graffiti regardless of the surface it is displayed upon. This month we had weekly graffiti on park tables on the Riverwalk, Fisherman's, and Ferry Parks. Recently the Wheeled Skate park was vandalized with graffiti and an entire pole with two park signs was snapped off at the ground and stolen.
