ARTICLE I. GENERAL PROVISIONS

1.1 Property

- A. The Nixon tract, otherwise referred to as the Nixon PDD, is located in Southeast Bastrop at the intersection of Agnes Street and the State Highway 71 frontage road. The PDD consists of 43.112 acres described in Exhibit A. Property Legal Description, herein defined as “Property.” The Property, abutting State Highway 71, is wholly located within the city limits of the City of Bastrop.
- B. The Property shall maintain its Place Type P5 Core base zoning designation. A Planned District Development (PDD) overlay shall be established to allow for maximum development flexibility. The Nixon PDD may include commercial, multi-family, and mixed residential land uses.
- C. This PDD ordinance shall take effect upon passage and in accordance with the laws of the State of Texas.

1.2 Purpose

- A. The purpose and intent of this PDD zoning district is to develop a horizontally integrated mixed-use community that may incorporate commercial, multi-family, and mixed residential land uses. This PDD serves to augment and/or modify the standards for development outlined in the City of Bastrop Building Block (B3) form-based unified development code (“Code”) to implement the vision for the Property and ensure a cohesive, quality development not otherwise feasible solely through the underlying base zoning district.
- B. The zoning and associated design criteria standards in this PDD ordinance will facilitate land development that fulfills the intended uses and goals identified in both the City’s latest Comprehensive Plan (2016 – 2036), adopted in December 2016, for the Transitional Residential and General Commercial Bastrop Character Areas highlighted in the plan’s Future Land Use Map, as well as in the City of Bastrop Building Block (B3) Code for the Place Type P5 Core zoning district, adopted in November 2019 and updated in August 2023, and will promote the following list of purposes.
 - 1. Develop with higher densities and a variety of housing types. *[Transitional Residential District Intent, City of Bastrop Comprehensive Plan, 2016]*
 - 2. Support local and regional businesses that rely on heavy traffic volumes and the visibility that is associated with being located near major roadways. *[General Commercial District Intent, City of Bastrop Comprehensive Plan, 2016]*
 - 3. Provide a greater diversity of housing options in Bastrop. *[Goal 4.1. Housing and Neighborhoods, City of Bastrop Comprehensive Plan, 2016]*

4. Enhance east-west connectivity in Bastrop, prioritize pedestrian and bicycling connectivity, and incorporate Complete Streets principles in the design and construction of roadway projects. *[Goals 6.2 and 6.8, Transportation, City of Bastrop Comprehensive Plan, 2016]*
5. Enhance and maintain pedestrian safety through well-designed streets, sidewalks, crosswalks, and traffic control devices. Provide increased opportunities for public interaction and recreation. *[Goal 6. Trails and Recreation, City of Bastrop Comprehensive Plan, 2021]*
6. Establish a highly walkable area marked by a higher density mixture of building types that accommodate commercial, retail, offices, row houses, and apartments, including a tight network of streets with wide sidewalks and steady street tree plantings. *[Place Type P5 Intent, City of Bastrop Building Block (B3) Code, 2023]*

1.3 Zoning

- A. The Property is designated Place Type P5 Core base zoning with a PDD overlay, and shall be developed in accordance with Bastrop Code, Exhibit B. PDD Schematic Framework Plan, and this agreement.
 1. The Property's Base Zoning District: Place Type P5 Core
- B. Except as otherwise provided in this PDD, the Property and PDD shall be governed by the City of Bastrop Building Block (B3) form-based unified development code ("Code") in effect as of the approval date of this PDD ordinance. In the case that this PDD does not address a specific City requirement, the Bastrop Code noted above shall apply. In the event of a conflict between the regulations of this PDD and the regulations of the base zoning district, the PDD shall control.

1.4 Modifications

- A. It is recognized that changes may be made to the development plans for the Property. As a result, Minor Modifications may be made to this agreement, including the PDD Master Plan, by the Developer and the City's Director of Planning and Development without action of the City of Bastrop City Council or the Planning & Zoning Commission. Minor Modifications may be approved administratively and in writing by the City's Director of Planning and Development. Such minor modifications shall include, but are not limited to:
 1. Modifications in land use from what is shown in Exhibit B. PDD Schematic Framework Plan that do not result in an increase in the overall density of the development of the Property.
 2. Modifications to street and driveway alignments, parking layouts, and pedestrian and trail connectivity alignments, which do not (a) eliminate a roadway connection to an adjacent Property or, (b) materially or adversely affect traffic patterns.
 3. Modifications to utility alignments and drainage ways.

4. Modifications to lot layouts, lot sizes, building footprints and locations, building and unit sizes, or building elevations and other adjustments that do not result in an increase in the overall density of the development of the Property.
- B. All other changes to this agreement and/or Exhibit B. PDD Schematic Framework Plan that are not considered Minor Modifications, shall be considered a Major Modification and shall be approved as an amendment to this PDD with recommendation by the City of Bastrop Planning & Zoning Commission and final approval by the City Council.
- C. Minor Modifications to this agreement and/or Exhibit B. PDD Schematic Framework Plan allowed by this PDD ordinance shall not be deemed as changes to the Project under Chapter 245 of the Texas Local Government Code. All Major Modifications to this agreement and/or Exhibit B. PDD Schematic Framework Plan shall be deemed as changes to the Project under Chapter 245 of the Texas Local Government Code, and the provisions of the Bastrop Code and all other applicable laws and regulations in effect at the time of such Major Modifications shall apply unless the City agrees otherwise. Approval of this PDD ordinance does not constitute plat or site plan approval, and all development related approvals required by the City of Bastrop Code are still required.
