

STAFF REPORT

MEETING DATE: May 9, 2023

TITLE:

Consider action to approve Resolution No. R-2023-72 of the City Council of the City of Bastrop, Texas, approving the posting of a notice for a public hearing to consider land use assumptions and a capital improvement plan relating to future public hearings for the possible adoption of roadway impact fees.

AGENDA ITEM SUBMITTED BY:

Trey Job, Assistant City Manager

BACKGROUND/HISTORY:

The last Master Transportation Plan was adopted in 2016 as part of and in conjunction with the City of Bastrop's 2036 Comprehensive Plan. The transportation plan was updated again as part of the adoption of the Bastrop Building Block Code to include a gridded street network.

A Transportation Master Plan is a long-range planning document used to guide the development of a community's transportation system. The purpose of the plan is to ensure the future transportation network meets the travel needs of the growing region for all modes of travel, including walking, bicycling, driving, and public transportation.

It is recommended that the City of Bastrop periodically review and update the plan to ensure the plan reflects the most up-to-date information regarding growth and development trends, as well as community goals. As we continue to grow, we will also be updating our comprehensive plan and future land use map.

This resolution is required per Texas Local Government Code Title 12, Subtitle C, Sec. 395.042.

RECOMMENDATION:

Assistant City Manager Job recommends approval of Resolution No. R-2023-72.
