

COMMUNITY ASSESSMENT WORKSHEET

Evaluation Worksheet for Local Programs, Coordinating Programs, and Main Street America

The Main Street America Evaluation Framework outlines what it means to be a highly successful Main Street program and sets a path for growth and development for newer programs. Depending on achievement, score, and maturity, programs will either be designated as Affiliate or Accredited.

After reviewing the [Community Self-Assessment Tool document](#), use this worksheet to score community progress and determine the designation status of a community. All scores will be averaged and populated at the end.

BASELINE REQUIREMENTS

ACCREDITATION ELIGIBILITY

Next, to determine where a community is on the path to Accreditation, use the next part of the worksheet to score the community on the Indicators listed for each of the six Standards based on a scale of 1-5. Each number represents the following:

1	2	3	4	5
Not being addressed.	Minimal work but needs more effort.	Evidence of satisfactory progress.	Has achieved success within this indicator.	Outstanding achievement. One that other programs could replicate.

Communities must meet the Baseline Requirements and average at least three (3) points per Standard to achieve Accreditation. Some Indicators will require documentation. At a minimum, this will include providing your program's annual budget and workplan.
