In consideration of Client's use of Consultant's Instruments of Service, Client shall, to the fullest extent permitted by law, indemnify and hold harmless Consultant, its directors, officers, agents, and employees from all claims arising out of the reuse or misuse of such Instruments of Service. Under no circumstances shall transfer of the Consultant's Instruments of Service be deemed a sale by the Consultant, and the Consultant makes no warranties, either express or implied, of merchantability and fitness for any particular purpose.

Client represents to Consultant that no known hazardous materials exist at the Project site. If there are hazardous materials at the Project site, and Client has knowledge of such, the Client must inform Consultant of the type, quantity, and location of such hazardous materials, if known. If hazardous materials are discovered at the Project site then Consultant will notify the Client and, to the extent required by law, notify the appropriate governmental authority. If Consultant or any other entity encounters hazardous materials at the Project site then Consultant may without any liability to Client or any other entity suspend services until such time as Client retains the appropriate entities to identify and (as appropriate) abate, remediate, or remove the hazardous material. Client agrees that Consultant has been retained to perform professional services and shall not be required to become an arranger, operator, generator, or transporter of hazardous material (as defined by law). Client hereby agrees to indemnify and hold harmless Consultant for all claims losses and damages arising out of the existence of hazardous materials on the Project site.

C. UNDERGROUND UTILITY AND STRUCTURE CLEARANCE

Where requested by Client, Consultant will perform customary research to assist Client in locating and identifying subterranean structures or utilities. However, Consultant may reasonably rely on information from the Client and information provided by local utilities related to structures or utilities and will not be liable for damages incurred where Consultant has complied with the standard of care and acted in reliance on that information. The Client agrees to waive all claims and causes of action against the Consultant for claims by Client or its contractors relating to the identification, removal, relocation, or restoration of utilities, or damages to underground improvements resulting from subsurface penetration locations established by the Consultant.

D. THIRD-PARTY RELIANCE

All Services provided by Consultant are for Client's and Consultant's sole benefit and exclusive use with no third-party beneficiaries intended. Reliance upon the Services and any work product is limited to Client and is not intended to benefit any third party.

E. CONSTRUCTION SERVICES

If requested by Client in the Scope of Services or AAS, Consultant shall visit the project during construction to become familiar with the progress and quality of the contractors' work and to determine if the work is proceeding, in general, in accordance with plans, specifications or other contract documents prepared by Consultant for the Client. The Client has not retained the Consultant to make detailed inspections or to provide exhaustive or continuous project review and observation services. Consultant does not guarantee the performance of, and shall have no responsibility for, the acts, errors or omissions of any contractor, subcontractor, supplier or any other entity furnishing materials or performing any work on the project.

Client acknowledges Consultant will not direct, supervise or control the work of contractors or their subcontractors, nor shall Consultant have authority over or responsibility for the contractors' means, methods, or procedures of construction. Consultant's services do not include review or evaluation of the Client's, contractor's or subcontractor's safety measures, or job site safety. Job site safety shall be the sole responsibility of the contractor who is performing the work.

For Client-observed projects, the Consultant shall be entitled to rely upon and accept representations of the Client's observer. If the Client desires more extensive project observation or full-time project representation, the Client shall request such services be

provided by the Consultant as an additional service. Consultant and Client shall then enter into an AAS detailing the terms and conditions of the requested project observation.

F. SUBMITTALS AND PAY APPLICATIONS

The issuance of a certificate for payment shall not be a representation that the Consultant has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from subcontractors and material suppliers and other data requested by the Client to substantiate the contractor's right to payment, or (4) ascertained how or for what purpose the contractor has used money previously paid on account of the contract sum. Contractor shall remain exclusively responsible for its work.

If the Scope of Services includes Consultant's review and approval of submittals from the contractor, such review shall be for the limited purpose of checking for conformance with the information given and the design concept. The review of submittals is not intended to determine the accuracy of all components, the accuracy of the quantities or dimensions, or the safety procedures, means or methods to be used in construction, and those responsibilities remain exclusively with the Client's contractor.

G. JOB SITE SAFETY

Neither the Services of Consultant, nor the presence of Consultant at the construction/Project site, shall relieve Client, general contractor(s), or subcontractor(s) of any of their responsibilities or duties to perform the work in strict accordance with the contract documents and to comply with all health and safety precautions required by any regulatory agency. Consultant does not have authority or responsibility to control any construction contractor or its employees in connection with their work or any health or safety programs or procedures. Client agrees that contractors and subcontractors are solely responsible for job site safety and warrants that this intent shall be carried out in Client's contracts with contractors.

H. OPINIONS OF PROBABLE COST

Opinions, if any, of probable cost, construction cost, financial evaluations, feasibility studies, economic analyses of alternate solutions and utilitarian considerations of operations and maintenance costs provided for are made or to be made on the basis of the Consultant's experience and qualifications and represent the Consultant's best judgment as an experienced and qualified professional design firm. The parties acknowledge, however, that the Consultant does not have control over the cost of labor, material, equipment or services furnished by others or over market conditions or contractor's methods of determining their prices, and any evaluation of any facility to be constructed or acquired, or work to be performed must, of necessity, be viewed as simply preliminary. Accordingly, the Consultant and Client agree that that proposals, bids or actual costs may vary from opinions, evaluations or studies submitted by the Consultant and that Consultant assumes no responsibility for the accuracy of opinions of probable construction costs and Client expressly waives any claims related to the accuracy of opinions of probable construction costs. If Client wishes greater assurance as to probable construction cost, Client shall employ an independent cost estimator as part of its Project responsibilities.

I. FORCE MAJEURE

To the extent any time for performance applies, the affected party shall not be responsible for any delays due to acts of foreign governments, strikes or other labor shortages, equipment or material delays or shortages, delays in issuing applicable permits, acts or omissions of the other party, inclement weather, pandemic, , fires, floods, riots, embargos, other acts of God, government shutdown, unforeseen site conditions or any other events or causes beyond the control of Consultant.

The headings used in this Agreement are for convenience only and shall in no way define, limit, or describe the scope or intent of this Agreement or any part hereof.

K. ASSIGNMENT

Client may not assign this Agreement without the written consent of Consultant. Consultant may not assign this Agreement without written consent of Client.

L. ENTIRE AGREEMENT

This Agreement represents and contains the entire agreement and understanding between the parties with respect to the subject matter of this Agreement and supersedes all prior oral and written agreements and understandings.

M. GOVERNING LAW

The Agreement shall be construed, interpreted, and enforced in accordance with the laws of the state in which the Project is located.

N. MODIFICATIONS

This Agreement may be modified only by a written instrument executed by both parties.

O. WAIVER

No delay or failure by either party to exercise any right or remedy under this Agreement, and no partial or single exercise of a right or remedy, will waive that or any other right or remedy.

P. SEVERABILITY

Any invalidity or unenforceability of all or part of a provision of this Agreement shall be severable and shall not affect the validity or enforceability of the remaining part of that provision or other provisions.

Q. EXECUTION

This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original and together which shall constitute one and the same agreement. Signatures on this Agreement that are transmitted by fax, email or other electronic means shall be valid and binding.

R. NO PERSONAL LIABILITY

It is intended by the parties to this Agreement that Consultant's services shall not subject Consultant's employees, officers or directors to any personal legal exposure for the risks associated with this Agreement. Therefore, and notwithstanding anything to the contrary contained herein, the Client agrees that as the Client's sole and exclusive remedy for any claim, demand or suit shall be directed and/or asserted only against Consultant, and not against any of Consultant's individual employees, officers or directors.

S. LIEN NOTICE – APPLICABLE TO PRIVATE PROJECTS IN MINNESOTA

ANY PERSON OR COMPANY SUPPLYING LABOR OR MATERIALS FOR THIS IMPROVEMENT TO YOUR PROPERTY MAY FILE A LIEN AGAINST YOUR PROPERTY IF THAT PERSON OR COMPANY IS NOT PAID FOR THE CONTRIBUTIONS.

UNDER MINNESOTA LAW, YOU HAVE THE RIGHT TO PAY PERSONS WHO SUPPLIED LABOR OR MATERIALS FOR THIS IMPROVEMENT DIRECTLY AND DEDUCT THIS AMOUNT FROM OUR CONTRACT PRICE OR WITHHOLD THE AMOUNTS DUE THEM FROM US UNTIL 120 DAYS AFTER COMPLETION OF THE IMPROVEMENT UNLESS WE GIVE YOU A LIEN WAIVER SIGNED BY PERSONS WHO SUPPLIED ANY LABOR OR MATERIAL FOR THE IMPROVEMENT AND WHO GAVE YOU TIMELY NOTICE.
