SpectraShield® Liner Systems
TEN YEAR LIMITED WARRANTY

CCI Spectrum, Inc. (manufacturer) and HIPERLINE (applicator) warrant the SPECTRASHIELD® lining system against failure for a period of 10 years in sanitary sewer installations. Storm sewer installations come with a standard One-year warranty. "Failure" will be deemed to have occurred if the protective liner fails to (a) prevent the internal deterioration or corrosion of the structure (b) protect the substrate and environment from contamination by effluent or (c) prevent groundwater infiltration. If any such failure occurs within 10 years of initial completion of work by HIPERLINE on a structure, HIPERLINE will repair liner at no cost to the Owner within 60 days after written notification of the failure. "Failure" does not include damage resulting from mechanical or chemical abuse or by an act of God. Mechanical or chemical abuse means exposing the coated surfaces of the structure to any mechanical force or chemical substance not customarily present or used in connection with structures of the type involved.

WARRANTY DISCLAIMER:

CCI Spectrum, Inc. and HIPERLINE make no warranties express or implied other than those specifically stated in this Ten-Year Warranty.
