### **BACKGROUND**

City staff and Widseth met with MnDOT and WSB staff met on April 16, 2026, to discuss project preliminaries, design file sharing, coordinate and datum systems, plan requirements and design requirements. Each project area was reviewed in detail.

MnDOT notified the City that it may be necessary to relocate sanitary sewer and water on Dellwood Drive from Excelsior Road to the first sanitary sewer manhole north of Design Road. City staff and Widseth are looking into this request, and a cost estimate is being developed.

Widseth has received preliminary topographic, property base and design files from WSB. The topographic file will be reviewed to determine if any additional topographic information is required.
