

ITEM REPORT CITY COUNCIL

Agenda Date: 3/4/2025
Agenda Section: Consent

Department Origination: Public Works

Agenda Item: Adopt Resolution No. 2025-025 Ordering Improvement and Preparation of Plans for the 2025 Design Road and TH 371 Stormwater Improvements Project Municipal Project No. 4135

Approval Required: 4/5 Vote

BACKGROUND

On December 17, 2024, the City Council passed a resolution authorized Widseth to prepare a Feasibility Report on the proposed 2025 Design Road & TH 371 Stormwater Improvements Project as part of the City's ongoing pavement management plan and stormwater improvements related to the TH 371 and TH 210 Baxter Intersection Improvement Project. The Project limits extend from the west boulevard of TH 371 to the Whiskey Creek Stormwater Treatment System. The Feasibility Report was approved by City Council on January 21, 2025.

The report reviews existing conditions, proposes feasible improvements, estimates project costs, discusses project implementation, and presents conclusions and recommendations for the project areas as required by the Minnesota Chapter 429 assessment process.

In accordance with the requirements of Minnesota Statute 429, an Improvement Hearing was held on February 13, 2025. There was one property owner in attendance at the Improvement Hearing. There were minimal questions which were answered by the Contracted Project Engineer.

FINANCIAL IMPLICATIONS

There are no immediate financial implications other than the cost to prepare the bidding package and review the bids by Widseth.

STAFF RECOMMENDATIONS

Staff recommends approval of the attached resolution ordering the improvements.

COUNCIL ACTION REQUESTED

MOTION to adopt Resolution No. 2025-025 Ordering Improvement and Preparation of Plans for the 2025 Design Road and TH 371 Stormwater Improvements Project Municipal Project No. 4135.
