

## ITEM REPORT UTILITIES COMMISSION

Agenda Date: 4/2/2025  
Agenda Section: Information Only

---

**Department Origination:** Public Works

---

**Agenda Item:** 2025 Thein Well Inspection Report Update

---

**Approval Required:** No Action Required

---

### **BACKGROUND**

The City of Baxter contracts with Thein Well Company (Thein) for yearly inspections of the City's existing four (4) wells. Thein was on site 01/28/2025 with SEH and City operators to complete inspections of the wells. Thein provided an inspection report after completing the inspections on 02/03/2025. SEH reviewed the inspection report and noted corrections which were required. SEH worked with Thein to revise and provide an updated inspection report which was sent on 03/12/2025.

SEH provided the attached cover memorandum to compare the specific capacity results from after the 2024 well rehabilitation to the current inspection data. The inspection results indicate that the specific capacity of the wells has increased since the 2024 rehabilitation efforts were completed, suggesting that the wellfield operating strategy that has been put in place to minimize aquifer drawdown has been beneficial.
