

ITEM REPORT UTILITIES COMMISSION

Agenda Date: 10/7/2026
Agenda Section: Business Item

Department Origination: Public Works

Agenda Item: 2027 Mill & Overlay, Full Depth Reclamation and Reconstruction Improvements Project
Monthly Update

Approval Required: No Action Required

BACKGROUND

The City Council authorized Widseth to complete the Feasibility Study based on the Road Evaluation Memo at the July 21st City Council Meeting. Widseth has completed the Feasibility Study and a presentation on the findings in Study. The next step is to receive the feasibility Report and Call for an Improvement hearing. The Improvement Hearing is tentatively scheduled for November 5th. An RCA and Resolution have been prepared in consideration to receive the Feasibility Study and Calling Hearing on Improvements.

One additional item that came up right as the Feasibility Study was being complete was a bike lane or trail along Clearwater Road connection Cypress Drive and Golf Course Drive. Widseth will bring a write-up, exhibits and a cost estimate for each option to review with the Utility Commission. The goal is to obtain a consensus on if these options should be included in the Feasibility Study for the City Council. The City Council will be able to review these options and make the decision to add one or neither of the options to the project.
