

REQUEST FOR ACTION CITY COUNCIL

Agenda Date: 7/5/2022
Agenda Section: Consent Agenda

Department Origination: Public Works

Agenda Item: Adopt Resolution 2022-060 Ordering Preparation of Report on 2023 Commercial and Residential Full Depth Reclamation Improvement Project

Approval Required: Simple Majority Vote

BACKGROUND

The City adopted a Pavement Management Plan in 2013 to implement a long-term, cost-effective maintenance and rehabilitation strategies. The plan has been updated twice since 2013 with the most recent update completed in 2021. There are approximately 85.5 miles of public paved roads in Baxter, in order to be fiscally responsible the City has historically completed a Mill & Overlay/Full Depth Reclamation project every year to distribute the cost.

The road segments proposed in the 2023 Commercial and Residential Full Depth Reclamation Improvements Project include the following:

1. Roadway reconstruction and trail construction on Clearwater Road from Inglewood Drive to Edgewood Drive,
2. Roadway reconstruction on Forest Drive from Excelsior Road to Clearwater Road,
3. Roadway reconstruction on Fox Road from Forest Drive to 1,050 feet west of Forest Drive,
4. Roadway reconstruction on Fox Place from Forest Drive to 200 feet east of Forest Drive,
5. Roadway reconstruction and trail construction on Cedar Scenic Road from Oakwood Drive to Memorywood Drive,
6. Roadway reconstruction on Oakwood Drive from Cedar Scenic Road to Michelle Circle,
7. Roadway reconstruction on Joler Road from Briarwood Lane to 1,600 feet southeast of Briarwood Lane;

FINANCIAL IMPLICATIONS

The cost of the feasibility report will be tracked. If it is reasonably certain a capital project will proceed upon completion of the study, the cost can be capitalized as part of the project cost. Otherwise, the expenditure for the study will be expensed and will need to be funded by unbudgeted contributions from the general fund streets department.

STAFF RECOMMENDATIONS

Staff recommends adopting Resolution 2022-060.
