

ITEM REPORT CITY COUNCIL

Agenda Date: 2/17/2026
Agenda Section: Consent Agenda

Department Origination: Public Works

Agenda Item: Approve the KLM Engineering Proposal in the Amount of \$4,000.00 to Perform a Cleanout and Disinfection of the 400,000 Gallon South Water Tower

Approval Required: Simple Majority Vote

BACKGROUND

The South Water Tower is decommissioned every fall when water demands decrease, it is critical to “turn over” the water in the water towers for water quality purposes. The South Water Tower will be needed for water storage during the peak summer water-use months. The additional water storage allows the water plant and the wells to operate at a more consistent flow creating efficiencies and reduces wear on equipment. The South Water Tower needs to be cleaned out and disinfected before it can be used for water storage.

FINANCIAL IMPLICATIONS

The cost to perform this was included in the 2026 Water Enterprise Fund budget submittal.

STAFF RECOMMENDATIONS

The Utilities Commission and staff recommend approval of KLM Engineering Proposal in the amount of \$4,000.00 for cleanout and disinfection of the 400,000-gallon South Water Tower.

COUNCIL ACTION REQUESTED

MOTION to approve the KLM Engineering Proposal in the amount of \$4,000.00 to Perform a Cleanout and Disinfection of the 400,000 Gallon South Water Tower.
