Hey Everyone,

Thanks for having us out to take a look. Paul and Trevor, if you all ever need testing of any switchgear or transfer switches, or prices on breaker testing or anything just let us know. We are through the area all the time and could easily swing over and take a look.

Thanks!

Shaun Kelly

Hi Paul,

To recap our conversation yesterday, I have been trying to receive a parts only quote from Eaton for the control upgrade. Yesterday, they informed me that they will not be supplying me this quote since they have already quoted you the job. This response is a little odd to us and we have never had an OEM refuse to supply a quote in a competitive bid situation. If we can get them to change their mind, I would be more than happy to supply you with a competitive quote for Ziegler to install the Eaton control upgrade. In the meantime, attached is the quote for us to perform the breaker cleaning and lubrication on the (2) breakers for the Eaton transfer switch.

Please let me know if you have any questions or concerns.

Thank you!

Hi Jake,

Our deadline to get these quotes in front of the Utilities Commission is next Tuesday at noon. Do you anticipate having the quotes back by then for this upgrade at the Baxter Water Treatment Plant?

Thanks

Hi Paul,

I am still waiting to hear back from Eaton. I apologize for this delay, and I will continue to follow up with Eaton until I hear back from them.

Thank you,

Hi Jake,

Inquiring on this quote again just to stay on top of it. The hopes is to have this on a Utilities Commission agenda at the beginning of August for review, so any update you can provide would be greatly appreciated.

Thanks

I am currently waiting on Eaton for the control upgrade quote. I will be sure to get everything finalized and sent over as soon as I hear back from them.

Thank you,

JAKE WIEDERHOLD

Shaun,

When do you think you will be stopping by the Water Plant?

Thank you,

Hi Jake,

Just got off the phone with Dani, I will plan on swinging over whenever the technician plans on being there.

Could you let me know of the definitive timeline for when he plans on being there so I can plug that into my calendar to stop over?

Thanks
