

ITEM REPORT UTILITIES COMMISSION

Agenda Date: 8/5/2026
Agenda Section: Business Item

Department Origination: Public Works

Agenda Item: 2027 Mill & Overlay, Full Depth Reclamation and Reconstruction Improvements Project
Monthly Update

Approval Required: No Action Required

BACKGROUND

The City Council authorized Widseth to complete the Feasibility Study based on the Road Evaluation Memo at the July 21st City Council Meeting. Widseth has started preparing items for the Feasibility Study and will be meeting with staff soon to review the assessment maps and methodology.

In review with City staff, Widseth is also preparing a project notification letter and will send to staff for review once a draft is completed. The project notification letter will be sent out to residents within the project area. If residents would like additional information, a public informational meeting may be held. A public informational meeting is in the project schedule to be held on August 27th. This meeting date can be adjusted. If an informational meeting isn't held the Improvement hearing is scheduled for October 1st, 2026 and resident questions could be addressed in detail at that time.
