DATE: July 1, 2022

RE: 2023 Budget Council Work Session – Goals and Priorities July 5, 2022

Below is the agenda for Tuesday's kickoff meeting of the 2023 Budget. Similar to prior years, the initial meeting is held to have a preliminary discussion on the council goals and priorities that should be incorporated into the 2023 Budget as departments assemble their respective budgets for council consideration. Outlined are some of the factors that will impact the 2023 Budget. Additional impacts will be discussed as they are analyzed and become known.

Preliminary property valuations and new construction figures from Crow Wing County are in the process of being assembled. If available, they will be presented at the work session. Attached is a comparison of the city's tax capacity over the past ten years with the portion assigned to tax increment. A summary of the city's budgeted funds is also included.

More detailed information and discussion, including property tax data, will be held in the coming weeks at the scheduled budget work sessions and as information begins available.

Should you have any questions, please feel free to contact me.

City of Baxter

2023 Budget Council Work Session – Goals and Priorities
July 5, 2022 6:30 p.m.

1. Update on Factors Impacting 2023 Budget and Beyond
2. Property Valuations, Tax Increment, and Other Economic Indicators
3. Council Comments, Suggestions, Priorities, and Goals for 2023 Operating Budget
4. Information: Budget Calendar for 2023 Budget Process
5. Adjourn – Next Scheduled Council Budget Work Session to Review and Discuss 2023 Governmental Funds Budgets and Proposed Property Tax Levy Slated for Tuesday, August 30, 2022 at 6:00 p.m.

City of Baxter 2023 Budget Council Work Session Discussion, 07.05.22

Factors Potentially Impacting 2023 Budget and Beyond

Minnesota Legislature Budget Impacts and Considerations

No significant changes in state aids or taxes

Levy Limits are NOT in place for 2023

City continues to not be eligible for Local Government Aid (LGA)

No changes in the Market Value Homestead Exclusion program implemented in 2012

Bills that did not become law, but may have future implications

An expansion of the program to increase the exclusion from \$76,000 to \$80,300 in the Senate and \$95,000 in the House with an extended phase-out to homes up to \$437,100 and \$517,200, respectively, from the current \$413,800 did NOT become law.

Class 4d property tax rate modifications that did NOT become law would have set class rate for all low-income rental properties at 0.25%; current rate is 0.75% on first \$100,000 of value and 0.25% on value above \$100,000 - implications for future TIF Housing

Other Items to be Factored into 2023 Budget

Property Valuations and New Construction

In the process of obtaining figures on the city's new construction and change in estimated market value

Will analyze further and provide more information when it becomes available

Personnel Costs

Unknown health insurance rates for 2022 (renewal late August)

City typically includes a 12% increase, until the actual increase, based upon claims experience and pooling, is known; Sourcewell has a 12% cap in place currently

No PERA Police and Fire (P&F) nor Coordinated Plan retirement contribution rate increases for 2023, 17.7% and 7.5%, respectively

Employee labor contracts expire at the end of 2022; market study currently underway

Workers' compensation premium estimated increases not yet available from LMCIT; prior recommendations budgeting for a 10-15% increase due to Covid-19 and PTSD claim costs

Fire Contract with Brainerd

Fire Service amount is projected to increase \$1,721.73 due to a slight increase in Baxter's contribution rate.

Last year, Baxter's contribution decreased \$2,435 from 2021, due to a lower contribution rate.

Baxter's contribution rate increases slightly from 26.60% to 26.68% for 2023, due to an increase in the five-year average number of runs (weighted at 30%), with partial offsets for lower factors in population and building valuations of other jurisdictions (both weighted at 30% each) outpacing Baxter's increases. Tax exempt building valuations (weighted at 10%) remained unchanged.

The total budget is projected to increase from \$1,329,313 to \$1,332,045, a \$2,732 or 0.2% increase. The increase is attributable mainly to a 5% increase in the capital equipment funding, offset by slightly lower operating and debt service on existing equipment.

		Annual Change	
2023 Proposed	\$355,375	\$1,722	0.49%
2022 Budgeted	\$353,653		

Outside Funding Requests

Organization	2022 Budget Request Rec'd	2022 Budget Funding	
Community Action 4th of July		\$8,000	
Senior Center		\$19,000	
Central MN Initiative Foundation	\$5,330	\$5,330	0.00%
Brainerd Lakes Area Econ Dev Corp		\$36,000	

Other Costs

Property, Liability, and Auto Insurance Coverage estimated budget increases not yet available from LMCIT

Prior recommendations budget for a 10% increase in property coverage and a 3-7% for Liability and Auto based upon reinsurance cost. Impact of storm losses?

Ongoing Covid-19 Pandemic Related Costs, Inflation and Supply Chain Challenges?

Other Items?

No elections in 2023

November		25,486			11,837	20,753
December		28,879			9,130	24,823
Total		392,406			248,466	397,118
May YTD	156,531	109,068	47,463	43.5%	90,410	144,859

Prepared by City of Baxter Department of Finance

Lodging Tax Receipts are up through the first five months of the year. As of May YTD, they are 43.5% higher than the same time period in 2021. During the past 13 months (May 2021 to May 2022) receipts are paralleling collections from 2019 (prior to the start of the pandemic). Of the 3% lodging tax remitted to the city, 95% of the proceeds are used for marketing purposes. The city retains the remaining 5% for administrative purposes.

Current Economic Indicators: 2022 YTD MVET Receipts Comparison

Baxter Motor Vehicle Excise Tax Receipts

Comparison of 2022 and 2021 YTD with 2020 and 2019

	2022	2021*	Prior Year Change		2020	2019	
January	6,395	7,947	(1,552)	-18.3%	8,477	6,857

December		239,946			263,408	244,628	
Total		3,067,236			2,876,877	2,695,280	
Annual Change		6.6%			6.7%		
March YTD	786,065	657,009	129,055	23.6%	546,306	524,607	49.8%

Prepared by City of Baxter Department of Finance

Local option sales tax receipts for the first three months of 2022 are 23.6% higher than 2021. YTD comparison to 2019, 2022 collections are 49.8% higher through March. The March 2022 large collection may be an anomaly; through February receipts are up 2.5% for the year. Overall, annual sales tax receipts were up 6.6% in 2021 and 6.7% in 2020 over the preceding year. There is approximately a two-month lag of when the tax is collected, reported and remitted to the state, and received by the city.

City of Baxter Budgeted Funds Summary

General Fund – The general fund is the general operating fund of the City. It accounts for all the financial resources of the general government, except those required to be accounted for in another fund. The major funding source for the fund is the annual property tax levy. Departments within the General Fund include: General Government, City Council, Administration, Finance, Legal, Information Systems, Public Works Administration, Police, Fire Protection, Streets and Street Lighting, Parks, Trails, and Ground Maintenance, and Recreation Programs. The fund's budget also includes transfers out to other city special revenue and capital project funds.

Special revenue funds are used to account for specific revenues that are legally restricted for particular purposes and are a primary funding source for the departments within those funds.

Cemetery Fund - This fund is used to account for the activities of the City-owned and operated Baxter Cemetery. A portion of plot sales are committed for capital outlay and perpetual care of the cemetery.

Community Development Fund - This fund is used to account for funds committed to the operation of the City's Community Development department. Operations include building inspection and community planning. Building permit and planning and zoning fees fund much of the fund's operations.

Capital Park Fund - This fund is used to account for donations, developer fees, and other revenues legally restricted or committed for capital expenditures related to the City's parks.

Economic Development Fund – The economic development special revenue fund is used to account for the financial activity of the City's Economic Development Authority (EDA). Funding from a general fund transfer and land sales finance this fund.

Lodging Tax Administration Fund - This fund is used to account for the collection of lodging tax revenues and the promotion of tourism for the City.

Tax Increment Financing (TIF) Funds – The City's TIF districts are budgeted collectively. Currently there are nine active TIF districts. Tax increment revenues are the primary funding source of the districts. Expenditures include pay-as-you-go TIF note payments for developer reimbursements. Debt service principal and interest payments related to city infrastructure is another primary expenditure for TIF District 10 Isle Drive, TIF District 12 Isle/Falcon Drive, and TIF District 14 Excelsior/Edgewood.

Sales Tax Collections Fund – The sales tax collections special revenue fund is used to account for financial resources financed by sales tax collections. These revenues are legally restricted for the funding of infrastructure projects. Primary revenues are the local option sales tax and motor vehicle excise tax. Expenditures include sales-tax based general obligation bonds and notes for the water treatment plant and the city's share of the wastewater treatment plant capacity with the City of Brainerd, respectively. Other budgeted expenditures include transfers to capital project funds for eligible capital projects.

Budgeted Capital Project Funds account for financial resources to be used for the acquisition or construction of major capital infrastructure, improvements, and equipment.

Capital Equipment Fund – The fund provides a sinking fund for future capital equipment replacement purchases. Steady funding attempts to smooth annual capital outlay expenditures for systematic replacement of capital equipment, including squad cars, public works vehicles, parks vehicles, and information technology equipment. Funding is primarily by transfers from benefiting departments.

Collector Street Fund – The fund provides a sinking fund for future collector street construction on a pay-as-you-go basis. The fund helps minimize the need to issue debt and levy for debt service for the city's share of project costs such as additional street width, lanes, and curb and gutter. The fund provides another revenue source to leverage the city's municipal state aid for city collector streets.

Street Replacement Fund – The fund provides a sinking fund for future street maintenance, including sealcoating, on a pay-as-you-go basis. The primary funding source is from the gas and electricity franchise fees collected by the city.

Trail Construction and Maintenance Fund – Similar to the Street Replacement Fund, the Trail Construction and Maintenance Fund provides a sinking fund for future trail maintenance and reconstruction. Funding is primarily from the gas and electricity franchise fees.

Debt Service Fund – The debt service fund is used to account for the accumulation of resources and payment of general obligation bond principal, interest and related costs of governmental funds. Revenues for the fund include the annual property tax levy for debt service, special assessments, and transfers from the enterprise funds and sales tax fund.

The City budgets for three enterprise funds: water, sewer, and storm water.

Water Fund – The water fund accounts for the activities of the City's water wells, water treatment plant, and distribution system. Revenues for the fund primarily are the monthly water fees charged to customers. Water availability charges (WAC) charged on new construction and connections is another primary source for financing capital asset needs. The city's debt service related to the water treatment plant is also included in the water fund budget.

Sewer Fund – Similar to the water fund, the sewer fund accounts for the activities of the City's sanitary sewer system. Revenues are primarily the monthly sewer fees paid by customers with sewer availability charges (SAC) financing sewer capital assets.

Storm Water Fund – The storm water fund accounts for the activities of the City's storm water infrastructure system. The main funding source for the storm water fund is the monthly and annual storm water fees charged to properties within the city.

2023 Adopted Budget Calendar

Friday, July 1, 2022	Budget Packets Distributed to Departments
Tuesday, July 5, 2022 6:00 p.m. (prior to council meeting)	Council Budget Work Session to Discuss 2023 Goals and Priorities
Tuesday, July 26, 2022	Completed Department Budget Packets Returned to Finance
