

ITEM REPORT CITY COUNCIL

Agenda Date: 10/20/2027
Agenda Section: Consent Agenda

Department Origination: Public Works

Agenda Item: Approve the Widseth Proposal for Professional Design Engineering Services in the Not to Exceed Amount of \$27,500.00 for the 2027 Evergreen Drive Improvements

Approval Required: Simple Majority Vote

BACKGROUND

In response to staff request, Widseth has provided a design proposal for services for related to the following improvements which are being incorporated into the pending College Road, Douglas Fir Drive and Industrial Park Road Roundabout Project:

- Demolition of Evergreen Drive from 400' north of Hastings Road to College Road.
- Construction of a temporary cul-de-sac located approximately 500' north of Hastings Road.
- Extension of mainline sanitary sewer and watermain to the north side of the temporary roundabout.
- Stormwater forcemain sizing, plan and profile for the future stormwater lift station at the College Road and TH 371 stormwater basin.
- Clearing of City owned parcels located west of Evergreen Drive and south of College Road.

Widseth has assisted the City with all of the preliminary engineering and design services for these improvements including preliminary layouts and cost estimates, topographic survey and two PROTECT grant applications.

Widseth proposes to perform scope of services outlined in their proposal for the **Not to Exceed Amount of \$27,500**. Widseth is prepared to begin work immediately after issuance of the notice to proceed.

FINANCIAL IMPLICATIONS

The costs associated with the design services will be tracked and included in the overall project cost. This project will be bid and included with the 2027 College Road and Douglas Fir Drive roundabout.

STAFF RECOMMENDATIONS

The Utilities Commission and staff recommends approving the Widseth proposal.

COUNCIL ACTION REQUESTED

MOTION to approve the Widseth Proposal for Professional Design Engineering Services in the Not to Exceed Amount of \$27,500.00 for the 2027 Evergreen Drive Improvements.
