

Biobased Road Sealant Customers in Minnesota, 2018-2025

RePLAY agricultural oil sealant and preservation agent has been used in 527 roadway projects across 57 Minnesota counties between 2018 and 2025. The 88 percent biobased solution is quick to apply, reduces maintenance and extends the life of a roadway. From a care center in Worthington to the Mayo Clinic in Rochester, nonprofit organizations, city governments and private companies are realizing the benefits of biobased road sealants.
