

## ITEM REPORT UTILITIES COMMISSION

Agenda Date: 6/5/2024  
Agenda Section: Information Only

---

**Department Origination:** Public Works

---

**Agenda Item:** Assist City Staff with Assessing the Holiday Station Store Contamination at Excelsior and Hwy 371 Project Monthly Update

---

**Approval Required:** No Action Required

---

### **BACKGROUND**

Antea Group last sampled the monitoring wells on February 27, 2024, but a report has not been submitted to the MPCA yet according to the MPCA website. A Monitoring Report was supposed to have been submitted by April 1, 2024. Widseth has emailed Molly Partridge at Antea Group to see what the status is regarding the report, she realized she forgot to submit the report and was going to submit it as soon as possible. She also said she was going to send Widseth additional Information on the plume but Widseth has not seen anything yet and will follow up with her soon. This information will be used for the proposed projects nearby that will require dewatering. Widseth will review with the Antea Group on possible precautions that need to take place during the dewatering.
